

PRAJVAL MAVALKAR

SOFTWARE ENGINEER

+918605254027
mavalkarprajval@gmail.com

“Highly skilled and results-oriented Software Engineer with over 3 years of experience specializing in backend development. Proficient in crafting robust software solutions using Java Spring Boot within a Microservices architecture. Demonstrated expertise in the entire software development lifecycle, from conceptualization to implementation and maintenance.”

Experience

●

MicroSpark Software Solutions Pvt. Ltd

Software Engineer

MAR 2021-CURRENT

Roles and Responsibilities:

Project : DPR (Data Protection Regulation)

- Project Involvement:** Played a pivotal role in the DPR project, focusing on accurate analysis and estimation of story points, ensuring efficient project timelines and deliverables.
- API Development & Integration:** Spearheaded the development of high-performance, scalable RESTful APIs leveraging Core Java, Spring Boot, and Spring Data JPA, integrated with Postgres for robust data management.
- Agile Methodology:** Actively engaged in Agile software development processes, including sprint planning, task prioritization, and daily stand-ups, enhancing team productivity and project velocity.
- Test-Driven Development (TDD):** Championed TDD practices using JUnit, significantly improving code reliability and facilitating smoother integration tests within a collaborative team environment.
- Microservices Architecture:** Demonstrated proficiency in designing and developing Microservices-based applications, focusing on aspects like Aspect-Oriented Programming (AOP), transaction management, and unit testing with REST Assured.
- Spring Ecosystem Expertise:** Gained in-depth expertise in various Spring modules, including Spring Core, MVC, Boot, Data, ReactJs and REST, to develop loosely coupled, maintainable, and scalable applications.
- End-to-End Development Lifecycle:** Excelled in the complete software development lifecycle (SDLC), from requirement analysis, system design, coding, and testing to documentation, implementation, and maintenance, ensuring the delivery of high-quality software products.

Education

●

Government College of Engineering And Research ,Awasari, Pune

2021

●

- Bachelor of Engineering

TECHNICAL SKILLS

- Java
- Spring, Spring Boot
- Microservices
- Maven
- Kafka
- JUNIT

- Apache Tomcat
- PostgreSQL ,MySQL, Oracle
- React Js
- JSON
- JDBC
- JPA

- JIRA
- VS Code
- Eclipse
- Postman
- Swagger
- Jenkins
