Objective

I seek challenging opportunities where I can fully use my skills for the success of the organization.

Education

Degree	School/University	Grade/Score	Year
BSC	Kuvempu university	73%	2019-2022
PUC	Karnataka PUC Board	69%	2017-2019
SSLC	Karnataka Board	78%	2016-2017

Skills

- **SQL:**
 - Create and Drop database and table.
 - Commands like (Select, update, delete, alter, insert into) in database.
 - Known about Arithmetic, Bitwise, Comparison, Logical (AND, OR, NOT, LIKE, BETWEEN) Operators.
 - Order by, Group by, Limit, Where, Having clauses.
 - Function like MIN, MAX, COUNT, AVG, SUM
 - Knowledge in Joins.
- **PYTHON**
 - Knowledge in Variables and Data types like Text, Numeric, Sequence, Mapping, Set, Boolean.
 - Slicing, Modify, Concatenate, Format Strings.
 - Operators like Arithmetic, Assignment, Comparison, Logical, Bitwise.
 - Conditions and if statement, While loops, For loops.
 - File handling and Modules
- **EXCEL**
 - Connect data from various sources.
 - Formatting cells, Conditional formatting, Data bars, Rules, Cell Range.
 - Filters, Sort, Text to columns, Concatenate.
 - Data validation, What if analysis.
 - Pivot tables, Slicers, Charts.
 - Formulas: Count, Sum, Min, Max, Average, if, Lookup, Vlookup, Xlookup, Index match.
- **POWER BI**
 - Knowledge in connecting data sources into power bi and Power query editor.
 - Known about add table into power bi manually like choose and remove columns And rows, Group by, Merge, Append, Fill, Pivot, Unpivot.
 - Visuals, Dimension and Measures, Drill through.
 - Dax Aggregate functions - Sum, Count, Min, Max, Average, Calculate, Filter, Left, Right, Mid.
 - Datedif, NetworkDays, Weeknum, Selected Value.

Work Experience:

Fresher

Projects

- Report sending in python

The project is all about extract the data from excel and database and send report as email to the client.

- Data extraction tool in python

The project is all about dynamic data extraction from the input files.

Technologies: Python, MySQL, regex.

Role: Developed, tested, and deployed the script.

Languages

- Kannada
- English

Personal Details

- Date of Birth : 25/02/2002
- Marital Status : Single
- Nationality : Indian
- Religion : Hindu
- Gender : Female

Certification

- **Course :**
Data Analyst
- **Institute :**
Besant Technologies

Declaration

I hear by declare that above mentioned information is correct up to my knowledge.

PLACE : Chikkamagaluru
