EXPERIENCE

- Kalpita Technologies, Bangalore

UI Designer (Jan 2022 - Aug 2023)

Created engaging social media posters in alignment with current trends, utilizing Agile methodologies to deliver impactful designs.

Developed user-friendly UI/UX designs and visually appealing web designs, informed by thorough design research, including Design Presentation, Prototyping, Researching, and User Journeys.
- Nila Apps, Chennai

UI/UX Designer (Jun 2021 - Dec 2021)

Utilized industry-standard design tools, including Axure, to produce high-fidelity mockups, wireframes, and achieve design fidelity for web production visions.

Stayed attuned to industry trends, integrating relevant methodologies such as Human-Computer Interaction and High-Level Design, ensuring designs for wireframing remain effective and user-centric.

Incorporated testing and requirements gathering into the design process for comprehensive web production solutions, delivering successful design solutions aligned with wireframing visions.
- Personiv, Coimbatore

Process executive (Feb 2019 - Jun 2020)

Collected Communication Technical information from US clients and optimized it for Yellow Pages listings.
