TECHNICAL SKILLS

- **Cloud Services:** AWS EC2, AWS S3, AWS RDS, AWS VPC
- **Operating Systems:** Linux, Windows
- **Infrastructure as Code:** Terraform
- **Configuration management Tool:** Chef
- **Version Control Tools:** Git
- **Containerization and Orchestration Tools:** Docker, Kubernetes
- **Monitoring Tools:** Grafana, Prometheus
- **CI/CD Tools:** Jenkins

KEY COMPETENCIES

- Serverless Architecture Design
- Infrastructure as Code (IaC)
- CI/CD Pipeline Management
- Serverless Function Development
- AWS Services Expertise
- Monitoring and Observability
- Security and Compliance
- Cost Optimization
- AWS Services Expertise
- DevOps Integration
- Problem-Solving
- Efficiency in creating Effective Standard Operating Procedure (SOP)

PROFILE

Passionate and results-driven DevOps-focused Software Engineer with expertise in AWS cloud services. Specialized in crafting cost-efficient, scalable serverless architectures. Proficient in IaC and CI/CD pipeline orchestration, harnessing the power of AWS services like AWS EC2, AWS S3, AWS RDS, and AWS VPC. Dedicated to optimizing performance and reliability through seamless DevOps integration with AWS in multiple Linux flavors.

WORK EXPERIENCE

SOFTWARE ENGINEER

Tata Consultancy Services | 2020 - 2023

- Architected and deployed scalable AWS infrastructures.
- Engineered robust CI/CD pipelines.
- Implemented advanced monitoring practices.
- Managed and optimized Amazon EC2 instances.
- Orchestrated Docker containerization and Amazon EKS.
- Utilized Ansible for configuration management.
- Implemented Infrastructure as Code using Terraform, enabling efficient provisioning and management.

BLOCKCHAIN ANALYST INTERN

Kerala Blockchain Academy | 2019 - 2020

- Developed smart contracts on the Ethereum platform.
- Explored various blockchain technologies, such as Corda R3, Hyperledger Fabric, and Hyperledger Sawtooth.

MEAN STACK DEVELOPER INTERN

ICT Academy of Kerala | 2019

- Build and maintain a fully responsive website.
- Manage a fully complete web application's front end and back end.

PYTHON FULL STACK DEVELOPER INTERN

Quest innovative Solutions Pvt Ltd | 2019

- Build and maintain a fully responsive website using Python
- Manage a fully complete web application's front end and back end.

AWARDS

- Best Team of The Year | TCS | 2023
- Best Team of The Year | TCS | 2022
