- **Oracle, MySQL**

EDUCATION

- **MCA | Trident Academy Of Creative Technology** *78.08% | 2022*
- **B.Sc | Nimapara Autonomous College** *78.08% | 2018*
- **XII | Anmol College Of +2 Sci & Com** *66.83% | 2015*
- **X | Pratap Sasan High School** *75.66% | 2013*

PROJECTS

- **Hospital Management System**
 - The Hospital Management System is a Java project utilizing HTML, CSS, JavaScript, Bootstrap, JSP, Servlet, and MySQL technologies.
 - Admins oversee doctor management, while users can register and schedule appointments. Doctors view appointments and provide patient care. Admins have full management control.
 - The system integrates bill generation and payment functionalities, streamlining hospital operations.
 - It facilitates efficient doctor-patient interactions, appointment scheduling, and billing processes. With its comprehensive features and user-friendly interface, the Hospital Management System optimizes healthcare service delivery and enhances overall hospital management.
- **Laser ENT Clinic**
 - Developed a dynamic and user-friendly website for Laser ENT clinic.
 - Implemented an interactive interface to enhance patient experience and engagement.
 - Designed and customized website features to showcase clinic services and expertise.
 - Utilized cutting-edge technologies to optimize website performance and loading speed.
 - Ensured seamless navigation and accessibility for users through intuitive design and layout.

ACHIEVEMENTS

- **The Complete Java Development Bootcamp** *(MAR-2022)*
Successfully completed a comprehensive Java Development Bootcamp on Udemy, acquiring in-depth knowledge and skills in Java programming language. Demonstrated exceptional commitment and dedication by fully engaging in the course, attending all lectures and completing all assignments and projects.
- **Full Stack Java Developer** *(JAN- 2024)*
Successfully completed a Java Development on Naresh IT Technologies, acquiring in-depth knowledge and skills in Java programming language.

LANGUAGE

- Fluent in English, Hindi, and Odia. Strong communication skills in all three languages, facilitating effective cross-cultural collaboration and understanding.
