Objective

Looking for a challenging position in the field of software testing with the state-of-the art technology where my logical, problem-solving skills, experience and application knowledge can be put in for the successful execution of the project.

Professional Summary

- Having 5 years of experience in ETL Testing.
- Experienced in writing SQL queries and working with database objects like aggregate function, analytical function, joins and set operators.
- Involved in creation of mock data by using of the DML commands whenever the test data is needed to validate the flow of data.
- Excellent knowledge and working exposure on extraction transform and load (ETL).
- Extensively used SQL queries for data validation and backend testing.
- Expertise in extraction transformation and loading the data from various sources into data warehouse.
- Update project leads in a day to day activates on the testing.
- Attending daily scrum meeting for the Sprint work.
- Expertise in understanding SSIS packages comprising of transformation.
- Working in UNIX navigating like GREP, SED, FND, AWK commands to process files in UNIX environment

Employment Summary

- Working as a **ETL Tester** in Zifodata technologies from august 2018 to till date.

Educational Qualification

- **M.E** in Applied Electronics from Dr. Mahalingam college of Engineering and Technology, Pollachi with **70%**
- **B.E** in ECE From Sakthi Engineering College, Chennai with **64%**
- **HSC** from Siwalik Matriculation School, Pollachi with **80%**
- **SSLC** from L.M.S Matriculation school, Pollachi with **77%**

Skills Set

- Database: Oracle, Microsoft SQL Server, Snowflake
- Language: SQL, PLSQL
- ETL Tools: Informatica, SSIS
- Operating Systems: Windows, Unix
- Other Tools: SQL Developer, Power BI, SSMS, PuTTY, WinSCP

Projects

Project #1:

Domain: Investment Banking

Client: Durius Capital, Spain

Technologies: Microsoft SQL Server, Snowflake, SSIS

Duration: September 2018 - May 2021

- Developed complex SQL queries for querying data against different database for data verification process.
- Managed as team member to meet timeliness as per commitment for deliverables.
- Gather and analyze the business requirements of the new changes request and enhancement from client.
- Developed ETL scripts based on technical specifications/ Data design documents.
- To create test scripts and execute the test scripts.
- Throughout the project in the various iterations/sprints- conducted system, integration and functional testing.
- Create documents for Bug logging, Prioritizing, Tracking and Reporting.

Project #2:

Domain: Investment Banking

Client: Arcano Partners, Spain

Technologies: Microsoft SQL Server, Snowflake, Informatica

Duration: May 2021 - Till date

- Working closely with business teams to understand the requirements, functionality and design.
- Understanding the BRD's and FSD's and preparing test plan and testing scenarios with test data to exhaustively cover the testing of client requirements spanning across score, interfaces and local customization.
- Testing a number of complex ETL mappings, maplets and reusable transformations for daily data loads.
- Creating test cases for ETL mappings and design documents for production support involved in Built-in activities.
- Strong Understanding in Software Testing Life Cycle processes.
- Monitoring internal defects logged and ensuring closure of each item.
- Worked into various ETL schema architectures like fact, dimension table and snowflake schema
- Chasing respective developers/environment teams to get faster resolution on critical and high priority defects.
- Escalation of the issues wherever faced to the appropriate authorities to bring it up to their notice and getting immediate resolutions.

Personal Details

- Gender: Male
- Date Of Birth: 07-11-1992
- Email ID: saravanakumar7m@gmail.com
- Phone Number: 87783 16283
- Marital Status: Single
- Nationality: Indian
- Languages Known: English, Tamil

Declaration

I hereby declare that all the details furnished above are true to the best of my knowledge.

Place: Chennai
