Introduction

Innovative Software engineer with a strong foundation in programming and problem-solving. Proficient in multiple programming language and development tools. Experienced in full stack Development, agile methodologies and software testing. Proven ability to design and implement scalable, efficient and maintainable software solution. Passionate about staying up to date with emerging technologies and collaborating with cross-functional teams to deliver cutting-edge products

Education

Dehradun Institute of Technology University

Jun. 2017 – July 2021

Bachelor of Science in Computer Science

Dehradun, Uttarakhand

Relevant Coursework

- Data Structures
- Algorithms Analysis
- Internet Technology
- Computer Architecture
- Software Methodology
- Database Management
- Systems Programming

Experience

Silver Touch Technology Limited Company

March 2022 – Jan 2024

Full Stack Software Engineer

Delhi, Delhi

- Developed a service to automatically perform a set of unit tests daily on a product in development in order to decrease time needed for team members to identify and fix bugs/issues.
- Identified and rectified performance bottlenecks, leading to an improvement in functionality by 10% perform.
- Utilized postman to provide a continuous integration service in order to automate the entire process of loading the latest build code and test files, running the tests, and generating a report of the results once per day.
- Explored ways to visualize and send a daily report of test results to team members using HTML, Javascript, and CSS.

Projects

SWCS COAL | *Java, Springboot, Tomcat Server, Postgresql*

- * Developed SQL queries for backend database interaction, improving data retrieval time by 10% .
- * Participated in client meetings to understand requirements better, improving client satisfaction by 10% .
- * Worked with an offshore team and vendors to ensure full performance and functionality of database management system.
- * Successfully maintained software documentation, reducing knowledge gaps among team members by 15% .
- * Identified and rectified performance bottlenecks, leading to an improvement in functionality by 10% .
- * Developed Test cases for better understanding and flow of the project

Technical Skills

Languages: Java, C, HTML/CSS, JavaScript, SQL, jQuery

Developer Tools: Spring Tool Suite, Eclipse, Tomcat Server

Databases: Postgresql

Technologies/Frameworks: Springboot, jQuery, , SVN, JUnit, Bootstrap

Leadership / Extracurricular

- * Achieved a 4 star in hackerrank .
- * Managed executive board of 5 members and ran weekly meetings to oversee progress in essential parts of the chapter.
- * IBM security INtelligence Engineer 2018: Explorer Award.
