PROJECTS

Digital Human Resources - study on contribution of Digital HRM towards organisational performance , 6 1 Days

Digital Human Resource Management is considered as the basic need in the aspect of business organization. Every business organization has a long way to go by adopting digitalization. Digital HRM helps in maintaining a strong relationship between management and its employees. By preparing a strategy for DHRM will help in organizational performance. This study tries to highlight the importance of DHRM in the aspect of the organization and by enhancing the recruitment process by creating an application by the top leading organization. The outcome of the research paper will act as an important aspect for researchers to implement further research on DHRM.
