Placement Executive - Intern

Trylogic soft solution

April 2022 - June 2022

- During my internship as a placement executive, I was actively involved in assisting students or job seekers in securing suitable employment opportunities.
- As part of my responsibilities, I proactively reached out to various companies to gather information about their current job openings.
- After candidates had attended interviews with companies, I took the initiative to follow up and obtain feedback on their performance.

IT Recruiter

Enterprise IT Solutions

Sep 2021 - Dec 2021

- During my 3-month internship as an IT recruiter, I was responsible for actively searching and sourcing profiles of potential candidates from various job portals and online platforms.
- Once I sourced a pool of potential candidates, I thoroughly reviewed their resumes and applications to assess their suitability for the specific IT roles. This involved evaluating their technical skills, education, work experience, certifications, and other relevant qualifications.
- After identifying suitable candidates, I maintained regular communication with them throughout the recruitment process. I provided updates on their application status, scheduled and coordinated interviews with hiring managers, and facilitated any additional assessments or tests as required.
