

PROFESSIONAL SYNOPSIS

Looking forward to learning and staying up to date with the latest technology trends. I am confident that my skills, dedication, and passion for programming make me an asset to any team. With a small experience. Following processes and methodologies applied in the short span of my career.

- ➔ Designed and developed RESTful APIs using Java and Spring Boot.
- ➔ Integrated with various databases like PostgreSQL.
- ➔ Implemented security features like OAuth2 or JWT to ensure secure communication between the server and the client.
- ➔ Utilized ORM frameworks like Spring Data JPA to interact with databases.
- ➔ Worked on optimizing database queries for faster response times and better performance.
- ➔ Integrated with third-party APIs like Google Maps API, Twilio, or Stripe for additional functionality.
- ➔ Collaborated with the front-end development team to ensure smooth communication between the client and server.
- ➔ Worked on continuous integration and deployment (CI/CD) using tools like Jenkins or Travis CI.
- ➔ Utilized agile methodologies like Scrum or Kanban to manage project tasks and track progress.

TECHNOLOGY KNOW HOW

- ➔ Language: Java
- ➔ Framework: Spring, Micro Service, JPA, Maven
- ➔ Database: PostgreSQL
- ➔ Web: HTML, CSS, JS, React

PROFESSIONAL EXPERIENCE

Sl. No	Organization	Designation	Duration
01	National Institute of Technology Warangal (NITW)	Junior Programmer	5th July 2023 to Till Now

02	Pratian Technology, Bangalore, Karnataka	Software Engineer	5th Sep 2022 to 21th June 2023
03	10X Data Labs Pvt Ltd, Bhubaneswar, Odisha	Software Engineer	10th Jan 2022 to 31st Aug 2022

PROJECTS

Jobcheck [It's Job portal application]

Jobcheck is an online platform that connects job seekers with employers or recruiters who are looking to fill job vacancies. These portals typically allow job seekers to create profiles, upload resumes, and search for job opportunities that match their skills and experience. Employers, on the other hand, can post job listings, review resumes and applications, and contact candidates who meet their criteria.

Technology: SpringBoot, PostGress Database, JPA (Java Persistence Annotations)

Responsibilities:

- ➔ Used Restfull API (post,get,put,Delete,patch) to fetch the data from the database.
- ➔ APIs validated using SWAGGER tool.
- ➔ Junit test using Mockito.
- ➔ Sonar Qube for code quality check.

Petzy [Web Portal]

This platform allows pet owners to connect with licensed veterinarians via video consultations. Petzy also provides pet owners with access to their pet's medical records and allows them to schedule appointments.

Technology: SpringBoot, PostGress Database, JPA (Java Persistence Annotations)

Responsibilities:

- ➔ Used Restfull API (post,get,put,Delete,patch) to fetch the data from the database.
- ➔ APIs validated using SWAGGER tool.
- ➔ Junit test using Mockito.
- ➔ Sonar Qube for code quality check.

Software For Managing Institutes Of Learning And Education (SMILE) - NITW

Currently leading the development of the SMILE application for NIT Warangal, a comprehensive ERP module serving the needs of both students and employees. SMILE streamlines and enhances. Educational management processes, providing a user-friendly interface for NIT Warangal's academic community.

Technology:

Frontend:

- ➔ NetBeans IDE
- ➔ HTML: Markup language for creating web pages.
- ➔ Bootstrap: CSS framework for responsive web design.
- ➔ jQuery: JavaScript library for enhanced interactivity.
- ➔ Ajax: Asynchronous JavaScript and XML for efficient communication between the frontend and backend.

Backend:

- ➔ SpringBoot: Java framework for building web applications.
- ➔ PostgreSQL Database: A robust, open-source relational database management system.
- ➔ JPA (Java Persistence Annotations): A Java API for working with relational databases.

Responsibilities:

- ➔ Developed responsive and user-friendly web interfaces using HTML and Bootstrap.
- ➔ Utilized jQuery for client-side scripting and interactive features.
- ➔ Implemented Ajax for asynchronous communication between the frontend and backend, enhancing the user experience..
- ➔ Implemented RESTful APIs to handle CRUD (Create, Read, Update, Delete) operations for database interactions.

EDUCATION CREDENTIALS

Sl. No	Degree	University	Percentage/ CGPA
01	MCA	BPUT, Odisha	8.73
02	BCA	Utkal University, Odisha	76.80
03	+2 Science	Talcher Junior College, Talcher, Odisha	48.00
04	10 th	X-D.B.C Model High School, Talcher, Odisha	65.70
