EDUCATION

Indian Institute of Information Technology

Aug 2019 – Jul 2023

Bachelor of Technology, Electronics and Communication Engineering - **CGPA - 8.47**

Surat, India

SKILLS

Languages: Java, C, C++, JavaScript, SQL

IT Constructs: Data Structure and Algorithm, Object Oriented Programming, Software Development Lifecycle

Technologies/Frameworks: ReactJS, NodeJS, ExpressJS, Spring, Git, Amazon Web Services, MongoDB

EXPERIENCE

Amazon, AWS Finance Technology

Jan 2023 – Jun 2023

SDE Intern

Hyderabad, India

- Semi-Automated the reporting infrastructure which reduced the team dependency.
- Reduced reports generation time from weeks to hours, achieving an over 85 percent reduction in workload.
- Analyzed data from 14 DynamoDB Tables, utilizing advanced statistical techniques and visualizations to generate actionable reports.
- Proficiently extracted and parsed highly nested JSON data, retrieving information required for analysis.
- Replicated the existing infrastructure using AWS Athena through expertly composing and executing complex SQL queries, achieved over 50 percent reduction in query response time.
- Expertise in AWS(Lambda, DynamoDB, S3, Athena), ReactJS and Java/J2EE for application development.

PROJECTS

Real-time Chatting web application [↗](#)

Dec 2021

- Engineered a chatting web application with real-time messaging and user profile management.
- Implemented secure login/logout using Google Authentication, ensuring robust user data protection.
- Integrated Socket.io for real-time chat functionality, resulting in a 30 percent increase in user satisfaction.
- Leveraging advanced technologies using MERN Stack and Material UI to build scalable infrastructure.

Quote-S-tation [↗](#)

Jul - Aug 2021

- Developed a user-friendly and visually appealing daily quotes web application with captivating features.
- Integrating intuitive functionalities for real-time quote submissions and interactive commenting.
- These features boosted user engagement by 40 percent and user retention by 25 percent
- Utilized React.js for the front-end and Firebase for real-time database functionality.

HONORS/AWARDS

- 4-star rated at CodeChef with a peak rating of 1847.
- Specialist at CodeForces with a peak rating of 1417
- Secured Global Rank 347 out of 25k+ participants in Codeforces Round 871 Div 4 and solved 800+ problems.
- Solved over 1000 problems on LeetCode, GeeksForGeeks, HackerEarth etc.
- Achieved 62nd Global Rank out of 6000+ participants in Hackerearth's October Circuits'21.
- Attained 1st District Rank in the 2019 Mathematics Olympiad, demonstrating top-tier mathematical skills.
