

Karnati Sri Dattu

UG (III Year I Semester)
B.Tech. (Computer Science and Engineering)
Contact No: 9515993106
Email: karnati_sd@cs.iitr.ac.in
Registration No: 22114044/2025

Indian Institute of
Technology
Roorkee

VERIFIED

Area of Interest

Data Structures and Algorithms, Competitive Coding, Mathematics

Education

Year	Degree/Examination	Institution/Board	CGPA/ Percentage
2024	B.Tech. 2nd Year	Indian Institute of Technology, Roorkee	8.048
2022	Intermediate (Class XII)	M.B.INT.SCHOOL MAHAVEER NAGAR III KOTA RAJ	93.60 %
2020	Matriculate (Class X)	DR KKR'S GOWTHAM CONCEPT HS ECIL X ROAD, MEDCHAL DISTRICT	10.000

Projects

Project NETRA-Network for Enhanced Target Recognition and Assistance | IIT Roorkee

September 2023 - November 2023

- NETRA is a hardware integrated device developed as part of Object-Oriented Analysis and Design Course at IIT Roorkee. The device utilizes object detection to identify obstacles in the user's path and effectively communicates the information regarding obstacle details to visually impaired individuals. Tech Stack: Raspberry Pi 3B, Hardware like HDMI cable, OpenCV, Python.

LiveAuction App | IIT Roorkee

March 2024 - April 2024

- Developed an auction application that streamlines the online auction process by allowing sellers to select their preferred auction date and time, providing enhanced control through system-generated scheduling. The Live Auction App was implemented using the Flutter framework for the frontend and Google Firebase for the backend. The tech stack includes Flutter, Firebase, Node.js, Socket.IO, and NodeMailer.

Potato Plant Disease Classifier | IIT Roorkee

April 2024

- In this project, we developed a CNN-based potato leaf disease detection model using a diverse array of images from the PlantVillage and other datasets, achieving 99.32% accuracy. This tool helps farmers promptly identify plant diseases by uploading image of potato leaf, reducing crop losses and improving yield quality.

Awards / Scholarships / Academic Achievements

- Secured 317 rank in JEE ADVANCED 2022
- Secured 232 Rank in JEE MAIN 2022
- Secured National Top 1% in IOQM 2020-21
- Secured National Top 1% in IOQC 2021-22
- Achieved Global Rank 86 in CodeChef Starters 138 Division 4

Skills

Computer languages C++, Python
Software Packages VSCode, Jupyter Notebook. Frameworks Include Tensorflow, PyTorch.
Additional Courses Cryptography Course from Crypto hack, Machine Learning Course taught by Andrew Ng
Languages Known English, Hindi, Telugu

Positions of Responsibility & Extra Curriculars

NSO TableTennis Member | IIT Roorkee

July 2023 - June 2024

- I am a Table tennis player, also a member in NSO, IIT Roorkee. I have participated in Colors Trophy, Intra Bhawan Tournament and Student Club Open Tournament.

Competitive Programming | Online Judges

September 2023 - July 2024

- An active member in various online judges including Codeforces by the handle 'satwik_317' and Codechef by handle 'dat44' and Atcoder by handle 'SriDattu'. Codechef: 1689(max rating).

Participant | Coincent

May 2023 - June 2023

- Participated in "Machine Learning with Python" Training Program Conducted by Robotics Club IIT GUWAHATI and Coincent.

Participant, TECHTONIC | Intra Bhawan Tech Meet

April 2024

- We developed a CNN model to classify potato leaves as healthy, or early blight or late blight diseased. This machine learning tool helps farmers promptly identify plant diseases, reducing crop losses and improving yield quality.

Participated in HackOn With Amazon - Season 4 | Amazon

May 2024

- HackOn With Amazon - Season 4 is a premier hackathon inviting tech enthusiasts to innovate for better customer experiences. Participants collaborate to create groundbreaking solutions, guided by Amazon's spirit of invention and customer-centric approach. We have represented IIT Roorkee in this hackathon under the team name 'Whitehat'.
