

ANUP KUMAR GUPTA

Indian Institute Of Information Technology, Kurnool

anup914gupta@gmail.com | +91 9142564902

EDUCATION

Year	Degree/Exam	Institute	CGPA/Percentage
2021-25	B.Tech, Computer Science Engineering	Indian Institute Of Information Technology, Kurnool	7.2

INTERNSHIP

- Data Analyst Trainee | Samsung Innovation Campus,India** Apr'23 - July '23
- Initiated my journey in data analytics by mastering SQL and Python, completing over 15 projects that demonstrated proficiency in solving real-world problems.
 - Developed expertise in data visualization using Matplotlib, Pandas, and Excel, successfully delivering 8+ projects that showcased actionable insights and compelling visual narratives.
- Internet Of Things | Samsung ,Bengaluru,India** Nov' 23 - Apr' 24
- Created several hands-on projects using sensors, LEDs, temperature sensors, buttons, ICs, and Raspberry Pi.
 - Designed a final project using BLE 4.0 beacons, which broadcasted store offers to nearby devices—helping shoppers discover offers in real-time that can send offers to more than 10+ peoples.

PROJECTS

- Pizza Sales Analysis | Jan'24 - Mar'24** SQL, Canva
- Deployed advanced SQL queries to extract 10+ actionable insights, including calculating total revenue, identifying the top 5 best-selling pizzas, and analyzing order trends by time and category.
 - Crafted data-driven results by creating an engaging pizza sales template of 17 pages, effectively showcasing question, query , outputs.
- Customer Segmentation | April'22 - June'22** Data Analyst, PowerBI , ML
- Implemented a Customer Segmentation project utilizing Artificial Neural Networks (ANN), aimed at predicting customer purchases within a retail environment
 - The ANN model efficiently analyzes customer data to classify and segment customers based on their purchasing behavior, thereby enabling targeted marketing strategies and personalized customer experiences
- HealthCare Data Analysis | April'24 - May'24** Data Analysis, PowerBI
- Utilized 10+ measures to analyze patient data for hip replacement surgeries, uncovering trends in recovery times, surgery outcomes, and demographic factors to enhance healthcare insights.
 - Designed and implemented an interactive Power BI dashboard with 10+ visualizations, enabling dynamic exploration of key metrics and improving data accessibility for decision-making.
- Movie Recommendation System | Oct'23 - Dec'23** ML, Streamlit, Data Preprocessing, Data Visualization
- Leveraged NumPy, Pandas, and Scikit-learn to perform comprehensive data preprocessing, exploratory data analysis (EDA), and feature engineering on a dataset of over 5,000 movies.
 - Developed a robust prediction algorithm using advanced NLP techniques, resulting in a 15% increase in the accuracy of movie recommendations.

CERTIFICATES & ACHIEVEMENTS

- Business Analytics with Excel | **Johns Hopkins University** [Link](#)
- Power BI Job Simulation | **Forage** [Link](#)
- Secured **75+ marks** in Statistical Learning For Reliability Analysis [Certificate](#)
- Certified in **Structure Query Language** | HackerRank [Certificate](#)
- Solved **200+ Questions** in Sql
- Secured **Future For Foundation Fellowship** all over India

SKILLS AND EXPERTISE

- Programming Languages:** Proficient in C++ and Python | MYSQL
- Developer Tools and Libraries:** Machine Learning (ML) | Data Analytical | SQL | Excel | Power BI | Artificial Intelligence (AI) | Deep Learning | Probability and statistics | Mathematics

COURSEWORK INFORMATION

- Probability & statistics
- Managerial Economics & Financial Accountancy
- Database Management System
- Entrepreneurship
- Data Structures & Algorithms
- Data warehousing & Data Mining

POSITIONS OF RESPONSIBILITY

- Club Coordinator | Dataworks Club of IIIT Kurnool** Aug'22 - Aug'23
- Guided and mentored more than**50 Juniors Passionate about data analytics** providing them with personalized support.
 - Organized competitions, weekly classes, and doubt-clearing sessions on diverse topics, including Pandas, Matplotlib, and MS Excel
- NSS Sceratary | IIITDM KURNOOL** Aug'22 - Aug'23
- 5+ School visits in nearby villages and guided student about different fields to explore after matriculation.
 - Organised more than 10+ events in our college and outside our college like independence parade and many more.
