Education

Indian Institute of Technology Guwahati (IITG)

2020 – 2024

Bachelor of Technology, Engineering

CGPA: 7.14

Experience

Software Engineer Intern | Javascript, ReactJS, PHP, MySQL

January 2024 – April 2024

ITJOBXS

- Designed and developed a fully **responsive landing page** for ITJOBXS, attracting **2,000+ new visitors** within the first 2 weeks of launch through engaging design and effective user experience.
- Enhanced website security by integrating **Google reCAPTCHA**, successfully tackling engineering challenges associated with detecting and removing fake bots and malicious posts, resulting in a **40% reduction in spam activities**.
- Increased **authentic user engagement by 30%** through efficient user verification and removal of bot-generated email IDs, enhancing community safety and interaction quality.

Software Engineer Intern | ReactJS, MongoDB, NodeJS, ExpressJS

June 2023 – July 2023

Exposys Data Labs

- Developed a **video conferencing website** offering high-quality **real-time** voice and video communication, enhancing user experience through innovative features.
- Implemented **JWT authentication** with **bcrypt** for password hashing, ensuring secure user access and protection of credentials.
- Enabled users to create meeting rooms, share unique room names, and utilize **real-time chats, screen sharing**, and **WebRTC** for seamless audio and video communication, enhancing collaboration for **40+ users** simultaneously.

Technical Skills

Programming Languages: C, C++, Python

Frontend Development: HTML, CSS, Javascript, React.js, Vue.js, Typescript, HTTP

Backend Development: Node.js, MongoDB, Relational Database, SQL, NOSQL, REST APIs, Express.js

Tools/Libraries: Git, GitHub, NPM, Webpack, Linux, Json

Other Skills: Computer Science, Problem-Solving, Data Structures, Algorithms, Database Management Systems, Object-Oriented Programming, Operating Systems, Computer Networks, Debugging, Troubleshooting, Complexity Analysis

Projects

Fitness First | *HTML, CSS, Javascript, React.js, Node.js, MongoDB, Express.js, RapidAPI*

[GitHub](#) | [Website](#)

- Developed a **fitness exercise web-app** for empower users to achieve their fitness goals, integrated with YouTube for **500+** instructional videos.
- Implemented **search functionality** to find exercises by **name** or **body part**, and used **pagination** for smooth navigation through exercise list.
- Ensured **cross-browser compatibility** to provide a consistent user experience across different web browsers.

Property Finder | *HTML, CSS, Javascript, React.js, Node.js, MongoDB, Express.js, JWT*

[GitHub](#) | [Website](#)

- Built a robust web app for house hunting, incorporating **CRUD** functionality to manage **100+** property listings and an efficient search feature by property name.
- Created and integrated customizable filtering options and an image carousel for showcasing property images.
- Established secure authentication using **JWT** and **Google OAuth**, reducing unauthorized access by **70%**.

Doctor Appointment WebApp | *HTML, CSS, Javascript, React.js, Node.js, JSON, MongoDB*

[GitHub](#)

- Developed a MERN Stack-based Doctor Appointment Booking Application that allows users to **check availability** and **book appointments** with respective doctors.
- Implemented **JWT Authentication** for secure SignUp/Login functionality, ensuring **100% data protection** and seamless access control, while integrating features such as dashboard management.

Achievements

- Selected as one of the 2,400 mentees out of 250,000+ applicants nationwide for Microsoft Engage.
- Secured global rank of 4,877 among 20,000+ participants in LeetCode Weekly Contest 357.
- Elected Senator and Finance Head, Students' Gymkhana Council, IIT Guwahati, managing funds and leading welfare initiatives to enhance student life.
