OBJECTIVE

Seeking a successful position in the organization and to improve my technical skills and abilities that offers professional growth while being resourceful and innovative that enhance the growth of the company.

TECHNICAL SKILLS

- Splunk Enterprise Security
- FireEye MX module.
- Knowledge on Vulnerability Management – Qualys Guard.
- Good Knowledge on Networking Concepts
- Wireshark
- Ticketing Tools: ServiceNow
- Cloud based monitoring.
- Cisco IronPort.
- McAfee ePO

PROFESSIONAL EXPERIENCE

- Experience on working Splunk Enterprise and Ark Angel
- Knowledge on Splunk architecture and various components - Indexer, Search head, Deployment Server, Universal and heavy forwarders.
- Working or usage of various Splunk commands/Functions for the desired query.
- Determining the attack pattern on investigating multiple log sources.
- Examine the incidents created in SNOW and escalating the true positive events to stakeholders.
- Created and configured reports and dashboards in SIEM solutions.
- Advanced searches, filters for security threats like Ransomware Attacks and forwarding it to on site SOC team for further investigation.
- Developing Rules in SIEM Solutions to identify suspicious activities.
- Investigate the security logs, mitigation strategies and Responsible for preparing Generic Security incident report.
- Experience on IDS/IPS, Firewall etc.,
- Understanding of common attacks (e.g. brute force, SYN flood, session hijack, Smurf etc.)
- Understanding of network protocols (TCP/IP stack, SSL/TLS, IPSEC, SMTP/IMAP, FTP, HTTP etc.).
- Understanding of Operating System, Web Server, database and Security devices (firewall/NIDS/NIPS) logs and log formats.
- Desirable Software Tools Proficiency - WireShark, Nessus, tcpdump, Outlook etc.

PROJECT DETAILS: (Cumulus systems pvt limited – 2020 Nov TO TILL DATE)

Project : Security Operations Center
Role : SOC ANALYST

ROLES AND RESPONSIBILITIES:

- Monitoring and Analysis support of computer security events.
- Monitoring SIEM Dashboards.
- Understand and Detecting Cyber Security Events.
- Perform initial triage and Incident Analysis.
- Raise Incident and perform mitigation with the help of asset owners.
- Report computer security events in accordance with established processes and procedures.
- Responsible for monitoring, correlation, event analysis, investigate and remediation of Security events.
- Monitor for security indicators by correlating and analyzing a variety of application, network and host-based security logs and determining the correct remediation actions and escalation paths for each incident.
- Developing anomaly detection dashboards and reports in SIEM tools to identify potential threats, suspicious activity and intrusions.
- Assist with the development of processes and procedures to improve security operations functions, incident response teams, analysis of incidents, and overall SOC functions.
- Performing hunting exercises using threat intelligence, analysis of anomalous log data and results of historical events and data to detect and response to threats.
- Understanding of security threats (preferably OWASP Top 10 vulnerabilities), threat attack methods and the current threat environment.
- Investigate the security logs, mitigation strategies and Responsible for preparing Generic Security incident report.
- Sending daily, weekly and monthly report to the customer which contain all the information about internet security, configuration changes, deny logs, failed logins, alert summery, network security etc.

Certifications:

- Certified in Microsoft SC-200.

Academic Credentials

- B.E(MECHANICAL), SCSVMV(UNIVERSITY), KANCHIPURAM, TAMILNADU, Secured 69.5%, 2012 to 2016.
- Intermediate (M.P.C), Narayana Junior College, Rajahmundry, secured 68.02%, 2010 to 2012
- S.S.C, Sunshine English Medium High School, Ramachandrapuram, secured 64.12%, 2009 to 2010

Personal Strengths

- Innovative and accepts challenges
- Team Player, Commitment and Hard work
- Ability to communicate and adaptable to changes

Personal Profile

Date of Birth : 17, FEB, 1995

Gender : Male

Nationality : Indian

Marital Status : Single

Languages Known : English, Telugu

Declaration

I hereby declared that above information and particulars are true to the best of my knowledge.

Yours truly,
(Aditya N).
