## SENIOR MECHANICAL DESIGN ENGINEER

Hyderabad, Telangana

[bharshasrivinay4\\_9ov@indeedemail.com](mailto:bharshasrivinay4_9ov@indeedemail.com)

+9189777 00444

To prove my capabilities in a challenging job with a process-oriented organization that offers me continuous learning opportunities.

## Personal Details

---

**Date of Birth:** 1996-05-07

**Eligible to work in:** India

**Highest Career Level:** 5+ years experience

**Industry:** Aerospace & Aviation, Agriculture & Forestry, Automobile, Auto Ancillary, Automotive, Industrial Engineering, Mechanical Engineering, Medical Information, Production & Manufacturing, Scientific Research & Development

**Total years of experience:** 6

## Work Experience

---

### Senior design engineer mechanical

Uniscient - Hyderabad, Telangana

September 2023 to Present

- Working for client SIGNODE.
- Working in SPM machinery in packing machinery as per Customer requirement
- Building proof of concept with Emulate3D that facilitates the demonstration, interpretation, and sale of the proposed solution.
- Working in R&D Team for new development machinery
- Good knowledge in GD &T, tolerances, modeling, drafting standard ASME Y 14.5 etc

### CAD Engineer

CONFORMIS - Hyderabad, Telangana

March 2021 to September 2023

Conformis, Inc. develops and manufactures knee implants. The Company offers femoral and tibial knee implants for the treatment of osteoarthritis and joint damages. Conformis does something that we believe no other knee implant manufacturer has done. We put the patient at the center of implant design. By combining advanced 3D imaging technology with the latest manufacturing capabilities, we manufacture each and every implant based on each patient's unique size and shape.

- Generate 3D Models From Diagnostic CT Images And Use Commercial And Research Software To Design Patient Specific Implants And Surgical Instruments.
- Develops Process Specifications And User Requirements Process Failure Mode Effects Analysis (FMEA) With Respect To CAD Production-Related Software And Design Intent

- Designs Patient-Specific HIP & KNEE, Replacement Systems Using Propriety Imaging by Segmentation Software, SolidWorks & cam.
- Develop and Maintaining Strong Internal Working Relationships across CONFORMIS Worldwide.
- Orthopedic Implant and Instrumentation Design And Development.
- Understand The Objectives, Responsibilities, And Mission Of The Engineering Department. Conditions.

## **Jr. DESIGN ENGINEER**

SURI ENGINEERS PVT LTD - Hyderabad, Telangana

January 2018 to March 2021

- Hands-on experience on SolidWorks, more than 5000 HOURS.
- Designed more than 4000's of plant layouts & plant bran process system as per customer & site requirement.
- Designed different models of silos for grain storage with cost-effective as per requirement.
- Developed many parts & large assembly drawings (2D & 3D) as per ISO standard.
- Design and development of sheet metal for new machinery & silos.
- Developed the new aspiration for machine's for better efficiency.
- Working with R&D Team for new machine development.
- Calculate load level and material stress factors to identify design constraints.
- Developed the new way of 3D erection drawing for each machine as per company standard.
- Collaborated with clients, project head and DGM on large-scale projects & budget's for export
- Cost estimation for New developed machinery.

## Education

---

### **Bachelor's in MECHANICAL ENGINEERING**

K L UNIVERSITY - Vijayawada, Andhra Pradesh

July 2013 to May 2017

## Skills / IT Skills

---

- Solidworks (3 years)
- Autocad (1 year)
- IRONCAD (2 years)
- CREO
- CATIA
- BASIC FUSION 360
- BASIC REVIT
- GOOD EXPERIENCE IN - Geometric Dimensioning & Tolerance (GD&T), Sheet Metal Design, 3D Modeling, complex Part designing, generative surface design, Large Assembly, Drafting . Weldments,]
- BASIC ANSYS WORKBENCH
- BASIC SOLIDWORKS SIMULATIONS
- BASIC Adams
- BASIC Mat Lab
- BASIC POM

- BASIC C & BASIC JAVA
- MS OFFICE & EXCEL

## Languages

---

- English - Fluent
- Hindi - Intermediate
- Telugu - Expert

## Online Profile

---

<https://in.linkedin.com/in/harsha-sri-vinay-396660b1>

## Awards / Achievements

---

### **SAE E BAJA**

WON 2ND POSITION at SAE E- BAJA VIRTUAL ROUND IN ALL IN-DIAN CATEGORY.

WON 4TH POSITION at MAIN SAE E- BAJA IN 2016 ORGANISED BY SAE INDIA & NATRIP of designed and fabricated an all terrain vehicle ( ATV) conducted by INDIA IN ALL INDIAN CATEGORY.

WON 12TH POSITION at MAIN SAE E- BAJA IN 2017 ORGANISED BY SAE INDIA & NATRIP of designed and fabricated an all terrain vehicle ( ATV) conducted by IN ALL INDIAN category.

## Certifications and Licenses

---

### **LIQUID PENETRANT TESTING (PT)**

November 2017 to November 2022

### **MAGNETIC PARTICLE TESTING (MT)**

November 2017 to November 2022

### **RADIOGRAPHIC TESTING (RT)**

November 2017 to November 2022

### **ULTRASONIC TESTING (UT)**

November 2017 to October 2022

### **RADIOGRAPHY FILM INTERPRETATION**

November 2017 to November 2022

### **VISUAL TESTING (VT)**

November 2017 to November 2022

### **SOLIDWORKS (CSWA CERTIFICATION)**

March 2021 to Present

## Projects / Papers Presented

---

### **JOURNAL PUBLICATION : PRESSURIZED WHEEL TYPE IN PIPE INSPECTION & MAINTENANCE ROBOT**

February 2017

This paper proposes Maintenance Robot which could propel into T, U and L junction bends that can varying from 16-inch to 29.5-inch pipe in all direction (horizontally and vertically) .It can be applied in the areas of In-pipe inspection for identifying the cracks, corrosion, scale formation & Maintenance.

### **SAE E-BAJA INDIA 2017.**

Project : SAE E-BAJA INDIA 2017.

Duration : 9 Months (JUNE,2016 - FEB,2017).

Project role : Head Of Brake Department (E-BAJA TEAM UNBLOCKABULLS 2017).

Software's : Hyper works, Solid works, Ansys.

Overview : Design and fabricated of an Electric All-Terrain Vehicle (ATV) which was Single (1) seated passenger vehicle.

Budget : Project budget is 6 lakhs

### **Project : SAE E-BAJA INDIA 2016.**

Project : SAE E-BAJA INDIA 2016.

Duration : 8 Months (JUNE ,2015-FEB,016).

Project role : Design Member of Brakes (E-BAJA TEAM UNBLOCKABULLS 2016)

Software's : Ansys, Hyper works, Solid works.

Overview : Design and fabricated of an Electric All-Terrain Vehicle (ATV) which was Three (3) seated passenger vehicle.

Budget : Project budget is 7.5 lakh
