Work Experience

Harman| Associate Software engineer

March 22 - Feb'23

- Collaborated within an away team, gaining exposure to **RestServices** characterized by diverse coding practices, languages, and frameworks
- Empowered BrewAtlas with a robust feature for finding nearby restaurant locations.
- Implemented station-specific, TypeOfServices, City, and **State customizable search** functionality on a website, providing associates with tailored information
- Elevated frontend functionality by orchestrating a seamless data flow.
- Crafted APIs for efficient **RestApi calls**, fostering smooth service interactions and establishing connections within the frontend.
- Tech Stack - **Java, Spring, Spring Boot. React-js, Hooks.**

Hewlett Packard Enterprise Software Engineering Job Simulation on Forage - November 2023

- Wrote a proposal for a RESTful web service to manage a list of employees.
- Built a web server application in Java Spring Boot that can accept and respond to HTTP requests as well as support uploading JSON data.
- Developed and ran a set of unit tests to assess my Java Spring Boot application's performance.
- Tech Stack - **Java, Spring Boot, Http Requests Java , WebRestful Development , Json.**

Education

Gayatri vidya parishad college of Engineering, Vishakapatnam, India

2019 - 2022

- Branch: **Computer Science and Engineering in Bachelor's Degree** | CGPA: 65

MBTS Govt Polytechnic ,Guntur, India

2016 - 2019

- Branch: **Computer Engineering in Diploma(Class XII), Aggregate: 72%**

Skills

Java | AWS | Spring | Spring Boot | SQL | React-js | HTML5 | CSS3 | JSP | Servlets | JDBC | Rest | Javascript

Projects

BrewAtlas: The Open Brewery Database Explorer: [GitHub](#)

- ❖ Enable seamless account creation with name, email, and password through an intuitive interface, fostering user engagement.
- ❖ Employ **Spring Boot** and **Java** for **robust user authentication**, ensuring a **secure login process** with registered email and password.
- ❖ Craft a **dynamic and responsive user interface** using **React-JS**, delivering an **interactive and visually appealing** experience for efficient navigation through the Brewery Management System

Achievements

- **Web Development with HTML, CSS, JavaScript** from IBM [DriveLink](#)
- **HPE Certification for Software Engineering Job Simulation.** [DriveLink](#)
- Actively participating in the coding problems across all the sites [GeeksforGeeks](#), [HackerEarth](#) .
