Career Objective

Eager to pursue a challenging opportunity within an industry that fosters professional development, enables positive contributions to the organization, and facilitates mutual learning experiences.

Professional Summary

- ❖ Having 4 plus years of experience in IT industry and performed ETL testing and database testing with the skills of Oracle SQL, UNIX, SSIS and ETL concepts.
- ❖ Expertise in writing SQL queries and utilizing databases through group functions, analytical functions, joins, and set operators.
- ❖ Proficient in writing queries to verify transformations made during the ETL process.
- ❖ Experience in validating data integrity between the fact and dimension tables.
- ❖ Worked in the UNIX commands like grep, sed, awk and find etc. to process the files in the UNIX environment.

Skills

- **Database** : Oracle, SQL Server, Unix, ETL Testing.
- **Operating Systems** : SQL, Unix.
- **ETL Tools** : Informatica IICS, SSIS.
- **BI Tools** : Power BI.
- **Defect Management** : JIRA.
- **Other Application used** : SQL Developer, Toad, SSIS, JIRA, Git, EXCEL, visual studio

Experience

- ❖ **Company Name**: Indix Info systems, Chennai from 2019 to till date

Project 1

Client Name : Banque Misr, Cairo

Domain : Investment Banking.

Databases : Oracle, SQL Server, Snowflake

Languages used : SQL, Unix

ETL Tool used : IICS

Other applications : Git, JIRA , EXCEL , SQL Developer

Role : ETL Tester

ROLES AND RESPONSIBILITIES:

- ❖ Engaged in the preparation of test script development for ORACLE and SQL SERVER databases, utilizing SQL query techniques such as joins, subqueries, and analytical functions to validate various transformation logics.
- ❖ Associated with the Validation of flat files by utilizing the UNIX commands to verify the filename, patterns and permission for the source files.
- ❖ Generated bug reports in Excel and documented the issues in the JIRA application to effectively communicate with the development team and ensure proper tracking of the bug till the closure
- ❖ As a member of the agile team, involved attending of agile calls and provided updates on the current status of working JIRA during scrum calls.
- ❖ Generated test summary reports (TSR) to find the test coverage during the time of test closure.
- ❖ Engaged in peer-to-peer validation of test cases, test scenarios, and test scripts before their execution in the SIT environment.
- ❖ Involved in smoke testing to validate the initial application build and performed regression testing to assess the impact of the build on existing functionalities.
- ❖ Worked with the business team to obtain clarity on requirement gaps and gain a better understanding of functionalities wherever clarifications were needed.

Project 2

Domain : Investment Banking

Client : CI Capital Investment Banking, Egypt

Databases : Oracle, SQL Server, Snowflake

Languages used : SQL, Unix

ETL Tool used : Informatica -IICS

Other applications : Git, JIRA , EXCEL , SQL Developer

Role : ETL Tester

ROLES AND RESPONSIBILITIES:

- ❖ Collect and analyze the business needs of a new change request and client enhancement.
- ❖ Defects detected in the testing environment are conveyed to the developers.
- ❖ Examined the output results and generating the test summary report (TSR) during the conclusion of the testing process.
- ❖ Engaged in generating mock data by employing DML commands such as INSERT, UPDATE, and DELETE whenever test data is required to validate the data flow.
- ❖ Escalation of the issues wherever faced to the appropriate authorities to bring it up to their notice and getting immediate resolutions.
- ❖ Engaged in presenting the accomplished tasks to the Scrum Master and Product Owner during the Sprint review meeting.
- ❖ Engaged in testing web applications and the corresponding reports generated by the application, ensuring the validation of the entire data flow created in the transaction screens against the reports.

Education

Kongu Engineering College, Perundurai | Bachelor of Engineering

Electronics and Communication Engineering, 2019.

Declaration

I hereby declare that the above details are true to my knowledge and best of my belief.
