Professional Summary

Experienced Backend Developer with expertise in Java, Spring Boot, and the MERN stack. Specialized in API development and database optimization. Demonstrated success in leading full-stack projects and collaborating effectively across teams to deliver scalable, high-performance solutions.

Experience

Jio Platform Limited

Dec 2023 – August 2024

Backend Developer

Mumbai, Maharashtra

- Developed RESTful APIs for log types, index aliases, external applications, and detectors using OpenSearch detection rules.
- Contributed to key projects such as Coupon Management System, CloudXP, SIEM Portal, and Calculator Pricing.
- Created database scripts to optimize data population and enhance backend performance and scalability.
- Collaborated with DevOps teams for application deployment and management using Docker.
- Completed a Project Management course and contributed to streamlining project workflows.

Future Finders

April 2023 – Dec 2023

Java Developer

Mohali, Punjab

- Led full-stack Java development projects, mentoring students to build comprehensive Java applications from scratch.
- Created Social Mania, a full-stack project utilizing HTML, CSS, JavaScript, ReactJS, MongoDB, and NodeJS to deliver a dynamic social platform.
- Played a key role in the design and development of enterprise-level Java applications, enhancing database management and API efficiency.
- Assisted students in mastering essential Java and Spring Boot concepts, enabling them to create scalable, high-performance applications.

Future Finders

Jan 2023 – April 2023

MERN/Java Developer Intern

Mohali, Punjab

- Gained hands-on experience in Java full-stack and MERN stack development.
- Contributed to the design and deployment of internal applications, focusing on backend logic and seamless database integration.
- Quickly mastered Core Java and ReactJS, leading to a full-time job offer due to demonstrated learning abilities.
- Assisted senior developers with troubleshooting, code reviews, and maintaining project documentation.

Projects

Portfolio Website | *ReactJS, JavaScript, ThreeJS*

Sept 2024

- Developed a personal portfolio using ReactJS and ThreeJS to create engaging 3D animations, integrating an email handler for seamless communication with potential clients and employers.
