SUMMARY

I am a dedicated Software Developer with experience in both development and internship roles in the EdTech sector. Proficient in PHP frameworks such as Laravel and CodeIgniter, I focus on creating efficient and user-friendly applications. My skills include developing RESTful APIs and dynamic applications. I am passionate about leveraging technology to enhance educational experiences.

EXPERIENCE

Software Developer Intern

Chalksnboard 12/2023 - 05/2024 Gurugram, Haryana

An EdTech startup focusing on innovative educational solutions.

- Developed web applications using PHP, gaining proficiency in frameworks like CodeIgniter and Laravel.
- Utilized HTML, CSS, JavaScript, and jQuery to create responsive and interactive user interfaces.
- Applied AJAX techniques for seamless asynchronous data exchange, enhancing user experience.
- Designed and developed admin panels to manage application data effectively.
- Developed RESTful APIs using Laravel framework to facilitate communication between frontend and backend systems.
- Built and optimized RESTful API endpoints for handling course management, enrollment, and student performance tracking.

Software Developer

Chalksnboard 06/2024 - Present Gurugram, Haryana

An EdTech startup focusing on innovative educational solutions.

- Developed and maintained an admin panel for an EdTech startup, enabling efficient management of various aspects of the platform.
- Designed and developed school websites, ensuring responsiveness across devices.
- Implemented a flexible installment system for student payments.
- Created a blog management system for dynamic content updates.
- Implemented CRUD functionalities for various entities such as users, articles, and categories.
- Configured a web server (Apache) with PHP 7.4 and MySQL in AWS.

SKILLS

Ajax • Apache • API • apis • AWS • bootstrap • CodeIgniter • CSS • Data Science •
database management • Git • Github • HTML • Javascript • JQuery • Laravel •
MySQL • OOPS • PHP • Python • react.js • react-redux • Redux • rest • rest apis •
restful • restful api • restful apis • SASS • SQL • tailwind • tailwind css •
Web Server

EDUCATION

Class XII, 82%

Central Academy Jankipuram

07/2017 - 08/2018 Lucknow

Class Xth, 91%

Central Academy Jankipuram

07/2015 - 08/2016 Lucknow

Bachelor of Technology, 79.9%

Shri Ramswaroop Memorial College of Engineering and Management

07/2019 - 07/2023 Tiwariganj, Lucknow

PROJECTS

Chalksnboard Website

<https://chalksnboard.com/>

Developed a fully responsive website with frontend technologies like HTML, CSS, Bootstrap, and Laravel. Also worked on app and admin panel for the Chalks n Board platform, managing both frontend and backend functionality.

Findmyschool website and panel

<https://findmyschool.net/>

Developed a dynamic Laravel-based platform to help users find the best schools for their children. Designed and implemented an intuitive admin panel for managing school data, blogs, and other content dynamically.

Dikshant

<https://dikshant.chalksnboard.com/admin/>

Developed a Laravel-based admin panel for managing courses, videos, fee installments, and APIs. Enabled efficient handling of recorded/live courses and streamlined backend operations for scalability and ease of use.

Portfolio
