EDUCATION

Sasi Institute of Technology and Engineering

Bachelor Degree in Computer Science CGPA: 7.45

Vasavi Engineering College

Diploma in Electronics & Communication Engineering CGPA: 7.3

Tadepalligudem, India

June 2020 - April 2023

Tadepalligudem, India

June 2017- April 2020

SKILLS SUMMARY

Languages:	Python, Java
Tools:	GIT HUB, JIRA, Graph QL, API
Technologies:	My SQL, Excel, MS Office
Other Skills:	Data Modelling, Data Cleaning Sanity & Regression suits.
Soft Skills:	Time Management, Good Communication Skills

CERTIFICATIONS

Oracle Database PL/SQL Developer
Certified Professional - [Link](#)
Oracle Database SQL Certified
Associate - [Link](#)
Course completion certification on
Data Analytics from IBM - [Link](#)
Certified on Problem Solving &
Python from Hacker rank - [Link](#)

WORK EXPERIENCE

ASSOCIATE ENGINEER

Silverlabs Indian Private Limited

Full time | Jul 2023 – April 2024

- Contributed to 'Rizzle,' an innovative AI-driven platform that transforms text, podcasts, and maps into video content.
- Developed action plans to meet key objectives and optimize existing processes for product efficiency increase to 95%.
- Served as an Automation Tester, specializing in testing data analysis websites and APIs by developing Regression and Sanity test suites.
- Utilizing tools such as Graph QL, MySQL, Excel, GitHub, Amazon CloudWatch, TestRail, and Jira.

PROJECTS

Template Protection Scheme of Biometrics using Hash

AI | ML | Python

- Template protection is a crucial aspect of biometric security, and one effective approach involves the use of hash functions.

Sentimental Analysis of Customer Feedback

AI | ML | NLP

- Conducted a mini project on sentiment analysis of customer feedback, proposing methods to efficiently extract sentiments and enhance customer satisfaction while improving overall business performance.

Sentimental Analysis of Customer Feedback

MYSQL | MS-EXCEL

- Developed and managed student databases, conducting data extraction and creating visualizations to analyze trends. This work facilitated better insights into student performance and helped improve reporting accuracy.

INTERNSHIP

Database Developer Virtual Training Internship by Virtusa

Data Analysis | Data cleaning | Data modelling

Intern | May 2023 | Online

- Designing developing database schemas, stored procedures, functions, and triggers using PL/SQL
