Vill- Naith, **Post-** Barala, **Dist-** Murshidabad

Pin No- 742235, **West Bengal**

Carrier Objectives:

To leverage my technical expertise and strong communication skills to drive organizational growth and success. Eager to tackle challenging projects and contribute to a dynamic team, I aim to continuously enhance my professional skills and achieve excellence. My goal is to become a key contributor to the company's success while advancing my career through dedication, adaptability, and a commitment to achieving high standards.

Profile Summary:

- Network Engineer with 2.10+ years of hands-on experience in LAN/WAN infrastructure implementation, configuration, and troubleshooting. Proficient in Cisco Routers, Switches, CCNA, CCNP, SD-WAN, and Cisco ISE with a strong background in supporting large-scale networks. Adept at optimizing network performance and ensuring high availability for critical services.
-

Work Experience:

Organization : Wipro(IMPACT Infotech)

Designation : Network Engineer

Duration : October 1st 2024 – Present

Roles and Responsibilities:

Client: AXIS Bank

- Managed and supported AXIS Bank's Data Centre WAN network, ensuring seamless connectivity and optimal performance for over 5000 branches across India.
- Configured and maintained Cisco ASR1006-X, ISR 4431, 4451, 4461 routers, Catalyst 2960, 3850 switches, and Nexus 9k switches, ensuring network reliability and stability.
- Administered Versa and Silver-peak SDWAN infrastructure, including Directory, Controller, and Hub, performing tasks such as IP addressing, VLAN deployment, V-edge SDWAN Branch deployment with creating template, WAN link traffic management, and ARP clearing.
- provided hands-on physical support for data center operations, including the installation and maintenance of network devices.
- Monitored critical network links and branch connections, rapidly addressing and escalating link failures to ISPs, reducing downtime and enhancing network availability.
- Configured VLANs and Access Control Lists (ACLs) on routers and Layer 3 switches, ensuring secure and efficient network segmentation based on customer requirements.
- Delivered user connectivity solutions, configuring floor switches to accommodate new users and their network access needs.
- Collaborated with L2 and L3 engineers, providing advanced troubleshooting and support.

Organization : Wipro(IDC Technology)

Designation : Network Engineer

Duration : February 7nd 2022 – September 30th 2024

Roles and Responsibilities:

Client: AXIS Bank

- Managed and supported AXIS Bank's Data Centre WAN network, ensuring seamless connectivity and optimal performance for over 5000 branches across India.
 - Configured and maintained Cisco ASR1006-X, ISR 4431, 4451, 4461 routers, Catalyst 2960, 3850 switches, and Nexus 9k switches, ensuring network reliability and stability.
 - Administered Versa and Silver-peak SDWAN infrastructure, including Directory, Controller, and Hub, performing tasks such as IP addressing, VLAN deployment, V-edge SDWAN Branch deployment with creating template, WAN link traffic management, and ARP clearing.
 - provided hands-on physical support for data center operations, including the installation and maintenance of network devices.
 - Monitored critical network links and branch connections, rapidly addressing and escalating link failures to ISPs, reducing downtime and enhancing network availability.
 - Configured VLANs and Access Control Lists (ACLs) on routers and Layer 3 switches, ensuring secure and efficient network segmentation based on customer requirements.
 - Delivered user connectivity solutions, configuring floor switches to accommodate new users and their network access needs.
 - Collaborated with L2 and L3 engineers, providing advanced troubleshooting and support .
-

Technical Skill:

Networking:

- **Routing & Switching:** CCNA, CCNP; Static and Dynamic Routing (RIP, EIGRP, OSPF, BGP, ISIS); VLANs, ISL, 802.1Q, DTP, VTP, STP, RSTP, PVSTP, MSTP, Port-fast, BPDU Guard/Filter, Inter-VLAN routing, DHCP, DNS, Ether-channel.
- **Protocols:** OSI & TCP/IP models, TCP/IP, UDP, ICMP, 3-way handshake, Subnetting, Access Control Lists (ACL), Prefix List.
- **High Availability:** HSRP, VRRP, GLBP, NAT/PAT, IPSEC Tunneling, VPN (GRE, MPLS, VRF).
- **SD-WAN Solutions:** Experience with Versa SD-WAN and Aruba Silver Peak SD-WAN.
- **Security & Management:** Proficient in Cisco ISE (AAA) and Solar-Winds monitoring tools, utilizing SNMP and Netflow for network performance and traffic analysis.

Network Security:

- Knowledge in Configuring and managing Palo Alto(PCNSE) Firewalls and Cisco ASA Firewalls including advanced security policies.

Cisco Technologies:

- **Devices:** Cisco Switches (2960, 3850, Nexus 9K, P9372PX), Cisco Routers (ASR1006, 4461, 4451).
- **Configuration & Troubleshooting:** Layer 2/Layer 3 switches, Nexus 9K, VPC, SVI, Port-Profile, Basic Router/Switch Configuration, IOS upgrades, physical connectivity (SFP, Fiber cables, Copper cables).

Data Center Infrastructure:

- **Experience:** Involved in configuring and troubleshooting data center infrastructure, implementing new data centers, setting up new switches and routers, and providing LAN and WAN physical connectivity with a strong understanding of physical and logical networking components.

Software Proficiency:

- **Operating Systems:** Windows
 - **Productivity Tools:** MS Excel (VLOOKUP), MS Word, MS Visio, MS PowerPoint.
-

Educational Qualification:

QUALIFICATION	INSTITUTION	BOARD/UNIVERSITY	YEAR OF PASSING	PERCENTAGE (%)
SSLC (10 th)	Naith Shamseria High Madrasah, Murshidabad, West Bengal.	West Bengal Board of Madrasah Education	2017	72%
Diploma in Civil Engineering	Jangipur Government Polytechnic, Murshidabad, West Bengal.	West Bengal State Council of Technical & Vocational Education and Skill Development	2021	76%

Competencies:

- **Problem-Solving & Critical Thinking:** Ability to troubleshoot complex network issues and develop innovative solutions under pressure.
- **Team Collaboration:** Experience working effectively with cross-functional teams, fostering collaboration to achieve project goals.
- **Communication & Presentation:** Strong ability to communicate technical concepts to both technical and non-technical stakeholders, ensuring clarity and understanding.
- **Adaptability & Continuous Learning:** Quick to learn new technologies and adapt to evolving industry standards, consistently staying ahead of the curve.
