☎ 6382484126
📍 Bengaluru

Profile

A motivated and detail-oriented Network Engineer with a strong foundation in networking concepts and technologies, eager to leverage academic and hands-on experience in a real-world environment. Proficient in installing, configuring, and troubleshooting a range of network devices, including routers, switches, and firewalls. Demonstrates expertise in network security, LAN/WAN protocols, and foundational cloud computing principles. Known for exceptional problem-solving skills, collaborative teamwork, and a dedication to continuous learning in the field of networking. Seeking an opportunity to contribute to a dynamic organization with a focus on network administration, support, and security operations.

Education
