PORTFOLIO

[Durga Sadasivuni](#) (LinkedIn)

[sadasivuni durga](#) (GitHub)

SKILLS

- Languages: Python, java, C, HTML, CSS, JS, PHP
- Version control: Git
- Tools: MySQL, Excel, PowerPoint
- Framework: TensorFlow, OpenCV, NLP
- Hardware description language: Verilog
- Platform: Jupyter notebook, Eclipse, VS Code
- Operating System-Windows, Linux
- Cloud: GCP, AWS

CERTIFICATIONS

- Google IT Automation with Python Professional Certificate (Coursera)
- Google Data Analytics Professional Certificate (Coursera)
- Android App Development (Internshala)
- Core Java Certification (OOPS)(Internshala)
- Programming, Data Structures and Algorithms Using Python (NPTEL)
- Machine Learning (Coursera)
- Hardware Modelling Using Verilog (NPTEL)
- Web Development (HTML, CSS, JavaScript, MySQL) (Sri Satya Sai organization)

TEST SCORE

GATE 2020 - 379

SADASIVUNI DURGA

Machine Learning Engineer

Analytical Machine Learning Engineer with exceptional problem-solving abilities. Possess the analytical abilities necessary for designing, developing and testing ML and AI algorithms. Hands on experience working with software stacks such as web development, python, java, machine learning, Arduino UNO and raspberry pi

EXPERIENCE

Machine Learning Intern - Indian Institute of Technology Hyderabad

09/2023

- Optimized machine learning models using hyperparameter tuning, reducing training time and improving accuracy using TensorFlow.
- Worked on few NLP models such as tf-idf for generating captions.

04/2016

Software Engineer Trainee - Trienttech (Startup)

- Developed responsive web applications using modern front-end frameworks for improved user experience across multiple devices.
- Developed reports using SQL server reporting services.

EDUCATION

Jawaharlal Nehru Technological University - Hyderabad

M. Tech, Digital Systems and Computer Electronics, **GPA-7.0**

2023

Miracle Engineering College

B. Tech, Electrical and electronics engineering, **GPA-8.0**

2015

PROJECTS

- Pose estimation of Indian Sculptures using Movenet and mediapipe frameworks
- Team Lead - Grid Interconnection of Renewable Energy Sources at distribution level with power factor improvement
- Team Lead - Speed control of skip hoist using programmable logic controllers (PLC) and variable voltage frequency (VVF) drives-RINL Visakhapatnam.

2022-10
