

Sai Koushik Katakam

koushikkatakam99@gmail.com / 9705912340 / Bangalore, Karnataka

Summary

Experienced Data Analyst with 2.6 years of expertise in data analysis, visualization, and management using SQL, Python, Excel, and Power BI. Proficient in transforming complex datasets into actionable insights that support strategic decision-making. Demonstrated ability to enhance data accuracy and streamline processes for improved business performance. Eager to leverage my skills in a challenging data analyst role to drive business growth and innovation.

Functional Areas

- Data Collection & Management
 - Data Cleaning & Preparation
 - Data Analysis
 - Data Modeling
 - Data Visualization
-

Technical skills

- **SQL (Structured Query Language)** - DDL, DML, DQL, Joins, Sub-queries, Window Function, Aggregate functions, CTE.
 - **Python** - Basics, Numpy, Pandas, Matplotlib, Seaborn, Beautiful Soup, SQLAlchemy.
 - **Power BI** - Dashboard creation, Data modeling, DAX functions, Power Query, Data visualization, Data integration (SQL, Excel), Drill-downs, Sharing & Collaboration.
 - **Tableau** - Dashboard, Data Visualizations, Different types of filters, Data Transformation, Tableau Public.
 - **Advanced Excel** - Pivots Table, Formulas, Lookups, Conditional Formatting, Data Analysis, Data cleaning, Data Validation, dashboards etc.
 - **AWS services** - EC2, S3, CloudWatch, IAM, Amazon RDS.
-

Work Experience

Data Analyst
Tata Consultancy Services Ltd
Bengaluru
08/2022 – Present

Key Result Areas:

- To understand the Business use cases from clients and convert them into a well-defined problem statement
- Conducted comprehensive data analysis to derive actionable insights, driving strategic decision-making and optimizing operational processes.
- Developed and maintained advanced SQL queries and data visualization dashboards to facilitate data-driven decision-making across departments.
- Collaborated cross-functionally to identify key metrics, design experiments, and generate predictive models to improve business performance and enhance customer satisfaction.

Project Highlights:

AbbVie:

- Extracted and analyzed clinical trial data using SQL, effectively joining multiple tables (patient demographics, treatment groups, outcomes) and achieving a 30% improvement in data retrieval efficiency.
- Filtered data to focus on specific patient cohorts and aggregated results to evaluate treatment efficacy, leading to 85% accuracy in treatment effectiveness assessments and informed protocol adjustments.
- Leveraged SQL to analyze sales data across various regions and time periods, identifying top-performing drugs and enhancing sales analysis processes by 40%.
- Monitored sales changes before and after marketing campaigns, refining AbbVie's sales strategies and improving resource allocation effectiveness by 25%.
- Developed interactive dashboards in Power BI to visualize sales trends and performance metrics, resulting in a 30% increase in insights and analysis efficiency.
- Employed Pandas and NumPy for data cleaning, achieving 95% data accuracy by addressing missing values and merging datasets.
- Standardized data formats and utilized NumPy for numerical operations, leading to a 50% reduction in data preparation time.
- Implemented advanced conditional formatting in Excel to highlight trends and outliers in sales and clinical trial data, enhancing visualization clarity by 30% and facilitating quicker decision-making for stakeholders at AbbVie Pharma.

Assistant Software Engineer
Tata Consultancy Services Ltd.
Bengaluru
03/2022 - 07/2022

Key Result Areas:

- Utilized SQL for database management and optimization, collaborating with teams to analyze requirements, design data models, and implement solutions.
- Provided SQL training sessions for team members, fostering a culture of continuous learning and skill development within the organization.
- Contributed to system reliability by providing SQL expertise for troubleshooting and performance tuning initiatives, ensuring smooth operation of critical systems.
- Acquired proficiency in Python through training sessions, applying programming skills to automate tasks.

Education

Bachelor's Degree - **Computer Science Engineering** with **7.8** CGPA
B S Abdur Rahman Crescent Institute of Science and Technology Chennai, Tamil Nadu
Graduated 06/2021

Intermediate/XII - **MPC** with **9.7** CGPA
Sri Chaitanya Jr College
06/2015 – 04/2017
