EDUCATION

Program	Educational Institution	%/CGPA	Year
Dual Degree in Instrumentation Engineering	Indian Institute of Technology Kharagpur	8.0	2023
XII(BIE, Andhra Pradesh)	FIITJEE, Vijayawada	98.6	2018
X(SSC, Andhra Pradesh)	FIITJEE, Vijayawada	100	2016

SKILLS

- **Languages and Frameworks:** Javascript, Typescript, Python, NodeJS, NestJS, ReactJS, Octave, C, and C++ programming languages
- **Databases:** Mongo DB, MySQL, PostgreSQL (basic)
- **Others:** DevOps, CI/CD, AWS, and Redis (basic)

PROFESSIONAL EXPERIENCE

Software Development Engineer | Slice (FinTech Unicorn) | Bengaluru (Jun 2023 – Jan 2024)

- Part of the collections operations team responsible for maintaining backend services to collect back-lent finances
- Spearheaded the development of an allocation feature, creating a robust system for assigning over 100,000 users to 100 telecallers
- Enhanced collection efficiency by 18% through improved language matching and automation of the tele-caller allocation pipeline
- Actively engaged in various front-end and back-end tasks as part of sprints using React and Node and have implemented RESTFUL APIs.
- Collaborated cross-functionally with various teams to provide support and assistance for repository usage and integration
- **Technologies used:** Javascript, Typescript, Python, NodeJS, NestJS, MongoDB, PostgreSQL, Kafka, AWS, Docker, and Kubernetes

Software Engineer Intern | Slice (FinTech Unicorn) | Bengaluru (May 2022 – Jul 2022)

- Implemented an algorithm to automate the daily reconciliation process of repayments, reducing manual workload and errors.
- Designed a UI using Flask to facilitate the reconciliation project, providing global teams with a user-friendly tool for enhanced efficiency.
- Worked extensively on developing an algorithm to distribute tele-caller workloads based on six different parameters evenly.
- Observed 70% improvement in allocations after completely revamping the manual allocation process for telecallers

PROJECTS

QTripDynamic

- Developed QTripDynamic, a travel website for adventure-seeking travelers using HTML, CSS, JavaScript, and REST APIs.
- Enhanced user experience with multi-select filters for different adventures, image carousels, and persisted preferences via localStorage.
- Implemented reservation functionality with Fetch API and conditional rendering for dynamic page updates for different adventures.
- Deployed the front end on Netlify and the back end on Heroku, ensuring seamless integration across the platform.

QKart

- Developed QKart, an e-commerce application offering a variety of products for customers to choose from using React JS.
- Developed Authentication, Products, Cart, and Checkout pages and integrated REST APIs to dynamically render back-end data in real-time.
- Improved UI by adding responsive design elements for a uniform experience across different devices.
- Deployed the front-end on Netlify and back-end on Heroku, ensuring seamless integration across the platform.

Predicting and Analysis of Injury Severity of Road Accidents | Prof. Jhareswar Maiti, Dept. of Industrial Engineering

- Implemented several machine learning classification algorithms on London road accident pedestrian data
- Preprocessed data and prepared classification reports of algorithms like SVM, Random Forest, Decision Tree, and XgBoost for that data.
- Improved accuracy by 3% with Random Forest against all other classification algorithms for a sample size of 4000

DogeCoin Price Tracker

- Extracted DogeCoin real-time price from CoinDesk website using BeautifulSoup library in Python
- Built an interface to track the real price of DogeCoin and animated real-time plots for DogeCoin price using Matplotlib animation library.
- Implemented a function that auto-updates the price and notifies through email if the price gets less than a target the user sets.

SCHOLASTIC ACHIEVEMENTS

- **JEE Mains:** Achieved an all-India rank of 478 among about 12 lakh students conducted by CBSE in 2018 (2018)
- **JEE Advanced:** Achieved an all-India rank of 4782 among about 2 lakh students conducted by IIT Kanpur, 2018 (2018)
- **AP-EAMCET:** Achieved a state rank of 320 among about 2 lakh students conducted by APSCHE 2018 (2018)
- **VITEEE 2018:** Achieved a rank of 115 among 2 lakh students conducted by VIT 2018 (2018)

EXTRACURRICULAR AND CO-CURRICULAR ACTIVITIES

- Won bronze in dramatics for Lala Lajpat Rai Hall of Residence in dramatics conducted by Gymkhana, IIT Kharagpur.
- Member of Mathematics Team for Lala Lajpat Rai Hall of Residence and participated in Open IIT Maths Competition, IIT Kharagpur.
- Member of Badminton, Table Tennis, Hockey, and Basketball Teams for LLR Hall of Residence, IIT Kharagpur.
