Strong communicator who bridges project and technical teams to optimize staffing, streamline operations, and align workforce capabilities with organizational goals

KEY SKILLS

- Workforce & Resource Planning – Resource allocation, bench management, capacity forecasting, utilization tracking
- Recruitment & Vendor Coordination – Hiring support, onboarding, vendor management, staffing pipelines
- Operational Management – Budget control, process optimization, reporting dashboards, documentation
- Project & Delivery Alignment – Cross-department collaboration, SLA compliance, performance reviews
- Leadership & Communication – Conflict resolution, HR escalation handling, stakeholder management
- Tools & Platforms – Jira, ERP, Google Workspace
- Technical Awareness – Magento, Shopify, Odoo, Akinon, Laravel

PROFESSIONAL EXPERIENCE

Codilar Technologies Pvt. Ltd., Calicut

Associate Resource Manager | July 2022 – September 2025

- Managed end-to-end **resource allocation** for over **200 employees** across multiple tech teams, improving utilization and minimizing bench time.
- Partnered with **project managers, HR, and delivery heads** to forecast resource needs and align workforce supply with business demand.
- Led **vendor and recruitment coordination**, including shortlisting, onboarding, and contract management.
- Maintained **real-time resource dashboards** and reporting systems for leadership visibility and forecasting.
- Supported **budget approvals and workforce planning** to balance cost and skill availability for ongoing projects.
- Conducted **quarterly performance reviews** with project managers and shared feedback with HR to address performance concerns.
- Introduced structured **bench management practices**, reducing idle time and improving allocation accuracy.
- Facilitated **cross-department communication** for timely staffing and smooth project transitions.
- Oversaw **performance tracking**, ensuring transparency in utilization, allocation, and delivery contribution.
- Recognized for strong **collaboration** and multi-project coordination, contributing to overall delivery success and client satisfaction.

Associate Software Developer – Intern | July 2022 – December 2022

- Contributed to the development and maintenance of **e-commerce and ERP platforms** such as **Magento, Laravel, Odoo, and Shopify**.
- Led a project converting **Magento websites into Android applications** (e.g., Marina Homes) and designed a **Laravel-based recruitment portal** to automate interview scheduling and candidate tracking.
- Supported senior developers with **code optimization, testing, and deployment** in Agile environments.
- This technical foundation enhances current management abilities by enabling effective communication with development teams and a deeper understanding of project requirements.

EDUCATION

Bachelor of Science in Computer Science

University of Kerala, Trivandrum | 2019 – 2022.
