REPRESENTATIVE PROJECTS AND ACTIVITIES

Tata Consultancy Services (TCS) – Pune, India | Mar 2016 – Present

Sr. Tech Lead for Generali Insurance Switzerland for core policy administration system (NSI)

Architect for AEGON UK Portal Applications—integrating MFA solutions (Unipass & Okta), modernizing platforms (Flash replacement), and implementing enterprise security frameworks.

Served as Technical Product Owner for application security remediation projects, ensuring full SSDLC compliance.

Directed solution governance reviews (TDA/ICP), coordinated POCs, and collaborated with stakeholders to align architecture with business goals.

Notable Projects: i-Claims (Generali Personenversicherungen AG), Advisor Portal (Diligenta UK), Customer Communication Transformation (Yorkshire Building Society), DVLA Integration (Jaguar Land Rover).

Worked as Developer / Sr. Technical Lead / Technical Architect / Solution Architect / Product Manager

SunGard / FIS Global – India | Aug 2007 – Mar 2016

Spearheaded Xamin modernization—migrating legacy desktop systems to web-based Java/AngularJS solutions, expanding accessibility for global asset management clients.

Led PL/SQL migration from DB2 to Oracle; enhanced reporting and analytics modules.

Worked as Sr. Specialist Product Development / Product Manager

Tech Mahindra – India | Dec 2005 – Aug 2007

Developed Common Portal for British Telecom—reusable, plug-and-play web modules for customer onboarding and account recovery.

Worked as Sr. Technical Associate / Technical Lead

S1 Services – India | May 2004 – Dec 2005

Built SDK for EAI/Insurance products, enabling scalable integrations for financial institutions.

Worked as Associate Software Engineer / Java Developer

AIPL – India | Aug 2002 – May 2004

Developed Cross Enterprise Performance Management system to improve vendor-client supply chain collaboration.

Worked as a Software consultant / Java Developer
