

SUMMARY

Experienced Data Analyst skilled in transforming large datasets into actionable insights. Proven success in automating reports and optimizing data processes using tools like **Power BI, SQL, Python, and Excel**.

SKILLS

Analytics Tools: Power BI, Tableau, Excel, DAX Studio

Programming Languages: Python, SQL, Django, Flask, Pandas, Numpy

Databases: SSMS, MySQL, PostgreSQL

Big Data Processing & ETL: PySpark, HDFS, YARN, Spark SQL, Data Modeling

EXPERIENCE

Data Analyst, DELCOM TECHNOLOGIES, Bengaluru

Aug 2021 - Sep 2022

- Streamlined the creation and automation of POD reports, resulting in a **70%** increase in tracking efficiency and consistently achieved **100%** submission across all branches using **Python**.
- Developed comprehensive CRM reports on customer churn, leading to a **25%** improvement in customer engagement and management using **Power BI**.

Software Developer, DELCOM TECHNOLOGIES, Bengaluru

Aug 2020 - Aug 2021

- Optimized and advanced backend functionalities in Django, boosting the processing speed by **30%** and reducing the server response time by **20%**.
- Implemented **APIs** for data management, cutting data retrieval time by **25%** through efficient **SQL** queries.

PROJECT EXPERIENCE

Customer Churn Report – [Excel, Pivot Table, Power BI, Power Query, Python]

Dec 2023 - Feb 2024

- Generated a comprehensive Customer Churn Report for BNF, increasing customer retention by **15%**.
- Automated data cleaning with **Python**, reducing data preparation time by **80%** (from **5 hours** to **1 hour**) and saving around **4 hours** of manual work weekly.
- Utilized **DAX** measures for calculations, enhancing user experience and flexibility, resulting in a **20%** improvement in report accuracy.

Executive Management Insights – [SQL, Power Point] [Link](#)

Nov 2023 - Dec 2023

- Delivered insights for **10** ad-hoc business requests to executive management using **SQL** on **1M+** records database.
- Empowered executive data-driven decision-making, driving a **15%** revenue growth and a **10%** reduction in operational costs.

Telangana Growth Analysis – [Power BI, Excel, Power Query] [Link](#)

Oct 2023 - Nov 2023

- Forecasted a **10%** potential increase in revenue through diversified district investments.
- Projected a **20%** boost in revenue during October through targeted promotions and product launches.
- Anticipated a **5%** shift in vehicle preferences through the public awareness campaign, contributing to reduced traffic and environment impact.

Business 360 Dashboard – [Power BI, SQL, Excel, DAX Studio] [Link](#)

Sep 2023 - Oct 2023

- Enabled strategic decision-making, resulting in a **15%** increase in market share and a **25%** boost in profitability.
- Developed a robust data model and visualizations in **Power BI**, optimizing report performance by **5%** using **DAX Studio**.
- Enabled strategic insights for AtliQ Hardware to analyse sales trends across departments, leading to a projected **10%** revenue acceleration and a **20%** reduction in data-related expenses.

EDUCATION

Bachelor of Technology in Electrical Engineering

Mar 2014 - Apr 2018

Biju Patnaik University of Technology, Odisha
