

Sasadhar Roy, Network Manager

Bangalore, Karnataka, 9874693618, sasadharroy@gmail.com

SUMMARY

Dynamic Network Manager with over 14 years of comprehensive experience in network operations and security management. Proven expertise in leading teams and enhancing infrastructure, having managed a Network Operations Centre for UK clients and significantly improved incident resolution times. Successfully directed critical projects, including Zero Trust architecture implementations, resulting in heightened security compliance. Ready to leverage strong analytical skills and operational insight to deliver exceptional results for prospective employers in the networking domain.

WORK EXPERIENCE

05/2022 – Present	Cyber Security Specialist, AB-InBev	Bangalore
	• Oversee the vulnerability lifecycle by employing Orca and Qualys tools in both cloud and on-premise environments. • Engage with various application and infrastructure owners to facilitate effective vulnerability remediation. • Deliver monthly status updates to leadership through structured Steerco meetings. • Championed projects focused on firewall clean-up efforts, ensuring compliance with EDR (Sentinel One) protocols, and implementing a Zero Trust architecture (Netography). • Collaborate closely with global teams to assess and modernise legacy infrastructure, enhancing both performance and security of critical applications.	
07/2016 – 05/2022	Senior Consultant – Network Services, Capgemini	Bangalore
	• Managed the Network Operations Centre (NOC) for UK clients, serving as the primary escalation point during major incidents to enable swift resolutions. • Led a team of 18 professionals, including 14 direct reports, ensuring adherence to strict SLA and driving operational KPIs to achieve exceptional performance. • Presented detailed incident trends, root cause analysis (RCA) reports, and extensive performance reviews to client executives, offering actionable insights. • During outages, orchestrated cross-functional coordination, significantly reducing resolution times and enhancing overall customer satisfaction. • Spearheaded service transitions, actively contributing to internal hiring and onboarding processes to cultivate a skilled and efficient team. • Participated in the appraisal process for N-1 and provided valuable feedback for individual development plans (IDP).	
12/2013 – 07/2016	Network Administrator – Level F, PMR Consulting (Accenture Ltd)	Kolkata
	• Delivered L2/L3 support for critical client infrastructure, managing escalations and steering bridge calls effectively. • Enhanced monitoring and operational processes by integrating teams across diverse functions.	

05/2011 – 12/2013

Customer Support Engineer, INFOTRONIX CHANNEL (Wipro Infotech)

Kolkata

- Spearheaded the successful implementation of WAN Optimization (WAAS) solutions for a prominent BFSI client, resulting in substantial improvements in application performance.
