EDUCATION

B.E - Computer Science and Engineering

2017 – 2021

KPR Institute of Engineering and Technology

PROFESSIONAL EXPERIENCE

Virtusa - Associate Engineer

12/2021 – 08/2024

Healthcare Project

Role: Frontend Developer

Tech Stack: React.js, Tailwind CSS, Recoil.js, PrimeReact

- Developed and enhanced modules including widgets, tables, and dashboards to facilitate interactions between accounts, organizations, and representatives.
- Implemented features for communication, event scheduling, and call management within the app.
- Collaborated with cross-functional teams to ensure seamless user experience and functionality.

PAT - Interview App

Role: Full Stack Developer

Tech Stack: Frontend - Next.js, ChakraUI, Recoil.js; Backend - Express.js, MySQL, JWT

- Spearheaded the development of an internal application for conducting Level 1 interviews.
- Designed and implemented both frontend and backend features to streamline the interview process.
- Utilized JWT for secure authentication and integrated MySQL for efficient data management.

Insurance Project

Role: Frontend Developer

Tech Stack: React.js, Tailwind CSS, Recoil.js, PrimeReact

- Developed and implemented component stories using React and Storybook to align with project requirements.
- Actively participated in business requirements discussions and provided technical input to enhance project outcomes.
- Leveraged HTML and CSS to efficiently complete frontend development tasks.

First Advantage - Junior Engineer

05/2021 – 09/2021

Driver Management Project

Role: Full Stack Developer

Tech Stack: PHP, HTML, CSS, jQuery

- Developed a background checking application for clients in the production and delivery industries.
- Implemented modules for license verification and age verification to ensure compliance with company standards.
- Collaborated with client companies to update and manage driver details effectively, enhancing operational efficiency.
