Tamilnadu, India 632402

EDUCATION

PSG College of Technology, Coimbatore, India

Aug 2017 – May 2021

Bachelor of Technology in Information Technology

Coursework: Database System Principles, Design and Analysis of Algorithms, Artificial Intelligence, Machine learning, Data Structures, Big Data Analytics, Data mining, Deep learning, OOP

SKILLS

- **Programming Languages:** C++, C, Python, Java, MYSQL.
- **Data Engineering Tools:** Snowflake, Power-BI, Talend-DI, AWS, Oracle.
- **Miscellaneous/Tools:** Git, Jira

EXPERIENCE

Data Engineer at Wipro-Limited

June 2021 – Present

- Executed a seamless migration of Oracle Data Warehouse to Snowflake, implementing efficient ETL processes with CDC and SCD methodologies using Talend.
- Engineered a reusable Talend framework for XML files, optimizing data processing efficiency and ensuring compatibility with Snowflake's data structure.
- Led the Salesforce data migration to Snowflake, creating and optimizing reusable CDC and SCD frameworks, leveraging Salesforce APIs and Snowflake's data integration features.
- Implemented an audit framework for real-time status reports, utilizing Snowflake's auditing capabilities to monitor data quality and migration progress.
- Introduced an audit framework for continuous data accuracy monitoring in Snowflake, leveraging Snowflake's features for audit trail creation and monitoring.
- Managed the reception and storage of data from the Australian government, completing Phase One deployment successfully using Snowflake's data loading capabilities.
- Enhanced Power BI reports in Phase Two by analyzing and integrating a new column requirement, leveraging Snowflake's data sharing capabilities for seamless integration.
- Coordinated with cross-functional teams to optimize workflows during the Salesforce migration project, collaborating on data mapping and transformation processes.
- Collaborated on testing and reconciliation processes, ensuring the accuracy and reliability of migrated data, utilizing Snowflake's data validation features.

RELEVANT ACTIVITIES

- Recognized for exceptional contributions and leadership, promoted to senior-level role.
- Knowledge Sharing: Facilitated internal sessions on ETL best practices, emphasizing Snowflake for modern data warehousing.
- Industry Engagement: Actively participated in industry webinars to stay current with the latest trends, including advancements in Snowflake's platform.
