SUMMARY

I am an RPA Developer and Team Lead with 3 years of extensive experience specializing in Robotic Process Automation using Automation Anywhere. My expertise spans solution designing, coding, testing, and implementation of automation workflows. I excel in analyzing business processes and optimizing operations to boost efficiency. With a Master Level certification in Automation Anywhere, I am committed to delivering high-quality automation solutions.

EXPERIENCE

RPA Developer & Team Lead

Difinity Digital

📅 12/2021 - Present

Company specialized in providing RPA solutions.

- Led end-to-end RPA development projects, ensuring on-time delivery and process optimization.
- Designed and implemented Task Bots and Meta Bots to automate complex business processes.
- Worked closely with business analysts and stakeholders to document and analyze existing processes for automation feasibility.
- Managed Control Room setup, bot deployment, and troubleshooting to maintain seamless automation execution.
- Conducted training sessions for junior developers, enhancing team productivity.

PROJECTS

Financial Automation

Financial automation focusing on streamlining accounting processes.

- Automated QuickBooks, Tally, and Zoho workflows for financial transaction processing.
- Developed timesheet automation for external clients, streamlining billing and payroll.
- Implemented bank reconciliation automation, ensuring accurate financial reporting.
- Automated purchase order to purchase invoice processing and expense management, improving financial workflow efficiency.
- Designed draft invoice preparation automation using Xero, reducing manual effort.

Accounting & Compliance

Focus on automating compliance and audit processes.

- Automated Caseware financial audit and reporting processes.
- Developed ASIC process automation to streamline regulatory compliance.

Supply Chain Management

Automation of supply chain operations.

- Automated Goods Receipt Note (GRN) matching and GRX shipment processing using Orion, optimizing supply chain operations.

STRENGTHS

Problem-solving

Proficient in solving complex problems effectively and efficiently.

Communication

Possesses strong communication skills, both written and verbal.

Adaptability

Quick learner with the ability to adapt to new technologies.

Leadership

Skilled in leading teams and fostering collaboration.

EDUCATION

M.Tech in Computer Network Engineering

Visvesvaraya Technological University (VTU)

📅 09/2015 - 06/2017 📍 Karnataka
