Career Objective:

To work in a challenging environment demanding all my skills and efforts to explore and adapt myself in different fields and realize my potential and contribute to the development of organization with impressive performance.

Work Experience:

Software Engineer at Stridely Solutions (Aug 2023- till now)

- **1.5+ year of experience** in working with **C++** and **C#** language.
- Convert the **MFC application** to **Console Application** and become more effective and **efficiency** is **increased by 20%**.
- Add a functionality to **fetch** the **CPU Load percentage** and **User Name** from System and store in **Database** for analysing code complexity and make it more effective.
- Create an **exe** that will take of a **path of executable file as input** and open that file.

Skills:

Languages:	Basic of Advance C++, C#, C, C++, Core JAVA, HTML, CSS, JavaScript, Data Structure and Algorithms, Object-Oriented Programming.
Tools:	DBMS, SQL, Git, GitHub, CAD.
Framework:	.Net version 4.8.1.

Academic Qualification:

- **Bachelor of Technology:**
RCC Institute of Information Technology, Kolkata Aug 2019- Jun 2023
Specified: **Information Technology** CGPA: 8.90
- **Intermediate: Kendriya Vidyalaya No-2, Gaya (2018), Percentage: 78.20**
- **Matriculation: Kendriya Vidyalaya No-2, Gaya (2016), Percentage: 87.40**

Projects:

Bank Management System

- Developed a **C++** banking system application and containing all features that bank contains.
- Utilized file handling for data storage and management, generated human-readable information of account holder.
- Demonstrated skills in **C++**, **file I/O**, and **user interface design**.

Password Generator:

- Designed and implemented a Password Generator by using **HTML**, **CSS**, and **JavaScript** and generate **strong, unpredictable and robust passwords**.

- Developed a **user-friendly interface** and allowing users to set password guidelines.

Sorting Visualizer Algorithm:

- Developed a **Sorting Visualizer web application** to illustrate **sorting algorithms** like Bubble Sort, Selection Sort, and Merge Sort.
- Enabled **step-by-step visualization** of **sorting processes**.
- Utilized **HTML, CSS, and JavaScript** demonstrated proficiency in front-end development and algorithm implementation.

Training:

June 2021- July 2021

Data Structures and Algorithms

RCC Institute of Technology Kolkata

- 2-month training on various data structures and algorithms
- Continuous evaluation of performance based on weekly quizzes and coding exercises.

Certificate:

- | | |
|-------------------|---|
| • Advance C++ | Advance C++ Certificate |
| • JAVA Basic | Java Basic Certificate |
| • SQL Basic | SQL Basic Certificate |
| • Problem Solving | Problem Solving Certificate |

Achievements:

- | | |
|--|------------------------------------|
| • 3* (star) Coder in CodeChef (1642) | CodeChef Profile |
| • 662 and 1056 Global Rank in CodeChef | CodeChef Profile |
| • 1000+ problem in various online portal | GFG Profile |
| • Got Annual Batch 2022 in LeetCode | LeetCode Profile |
| • Codeforces (966) | Codeforces Profile |
