EDUCATION

Srinivas Institute of Technology

Degree in Bachelor of Engineering in Computer Science

CGPA: 7.56

Mangalore

Aug 2019 - May 2023

EXPERIENCE

Micro Degree | Full Stack Developer Intern

Mangalore | Dec 2023 - Feb 2024

- Developed and maintained responsive web applications.
- Collaborated with design and development teams.
- Participated in code reviews and debugging sessions.

Zephyr | Data Science Intern

Mangalore | Mar 2023 - Jul 2023

- Conducted data analysis and visualization to derive actionable insights.
- Applied best practices in data preprocessing.
- Conducted code reviews for model quality.

SKILLS

Programming Languages: Java, Python, C#/.NET, C++, PHP
Libraries/Frameworks: JavaScript, React Js, Bootstrap, jQuery, Node.js
Tools / Platforms: Git, GitHub, VS Code, Azure, PowerBI
Databases: SQL, SQLite3

PROJECTS / OPEN-SOURCE

Detection of Phishing Websites | Link

Python, HTML, CSS, JavaScript, SQLite3

- Achieved over 90% security enhancement through the implementation of advanced detection algorithms.
- Utilized machine learning techniques to analyze and classify website features, boosting detection accuracy by 85%.

Market Basket Data | Link

Python, Pandas, Seaborn, Matplotlib.

- Developed a sales optimization system using Python and data visualization libraries to analyze purchase trends effectively.
- Applied association rule mining techniques to discover product pairings, enhancing cross-selling opportunities by 15%..

CERTIFICATIONS

- Microsoft Certified: Azure Fundamentals - **Microsoft**
- Google Cloud Fundamentals: Core Infrastructure - **Google Cloud**
- Essential Google Cloud Infrastructure: Core Services - **Google Cloud**
- Software Engineer Intern - **HackerRank**

HONORS & AWARDS

- KSCST-Sponsored Detection of Phishing Website Project
- Achieved third place in a Hackathon organized by Srinivas Institute of Technology.
- Organizer for Cultural Club Treasure Hunt Event
- Secured Top Performance in Machine Learning with Python (Coincent)
