PROFILE

Profile Summary

A strategic and results-oriented Talent Acquisition leader with over 11 years of experience delivering innovative recruitment solutions and building world-class teams that drive business growth. Renowned for expertise in high-volume hiring, talent mapping, pipeline optimization, and leveraging employer branding to attract top talent, I thrive on creating impactful hiring strategies tailored to dynamic, fast-evolving industries.

I specialize in transforming recruitment operations through data-driven insights, cutting-edge technologies, and market intelligence, ensuring a seamless candidate experience while meeting aggressive hiring goals. With a track record of scaling teams globally and partnering with leadership to align talent acquisition with organizational vision, I am passionate about creating value and driving excellence at every stage of the talent journey.

Key Achievements :

- **Time-to-Hire Transformation:** Reduced time-to-fill by 60% through innovative sourcing strategies, process automation, and enhanced recruiter efficiency.
- **Scaling Success:** Led end-to-end hiring for large-scale global expansion projects, achieving 100% target fulfillment while maintaining quality-of-hire.
- **Employer Branding Impact:** Elevated the company's talent brand, resulting in a 40% increase in top-tier candidate applications.
- **Diversity Recruitment Leadership:** Spearheaded initiatives that increased diverse hires by 30%, embedding inclusivity into the recruitment process.
- **Retention & Quality Boost:** Designed structured interview frameworks, leading to improved employee retention and performance outcomes.
- **Global Compliance Mastery:** Orchestrated compliant hiring practices aligned with global standards such as GDPR, HIPAA, and SOC 2.

EMPLOYMENT HISTORY

Head of Talent at RedBrick AI, Bangalore

March 2024 — October 2024

Talent Acquisition

- Crafted and executed talent acquisition strategies, significantly improving the quality of hires while reducing time-to-fill by streamlining recruitment processes.
- Spearheaded large-scale hiring initiatives, ensuring seamless delivery against aggressive timelines without compromising candidate quality.
- Built robust talent pipelines through market intelligence, proactive talent mapping, and innovative sourcing techniques.
- Strengthened employer branding efforts, resulting in increased visibility and a higher caliber of applicants.

Writing: I'm a proud author of two books, weaving stories that captivate and inspire!

Dancing: A trained classical dancer, I channel my passion into every graceful move, dancing to the rhythm of my dreams.

Singing: I may not be formally trained, but I've got the spirit! I belt out tunes with confidence and a smile, proving that it's all about having fun!

Data-Driven Decision Making

- Leveraged recruitment analytics to create actionable insights, aligning hiring strategies with business goals and identifying trends to improve hiring outcomes.
- Presented TA metrics and reports to senior leadership, enabling data-driven decisions to optimize workforce planning and recruitment budgets.

HR Policy Formulation & Compliance

- Designed and implemented recruitment-specific policies to meet privacy and security standards, ensuring compliance with HIPAA, SOC 2, and GDPR.
- Conducted regular audits of hiring practices to align with global regulations and best practices.
- Delivered compliance training to TA teams, fostering awareness and accountability in handling candidate data securely.

Employee Retention & Engagement

- Partnered with business leaders to implement recognition programs, improving retention and boosting morale among top performers.
- Designed engagement initiatives focused on creating a positive candidate-to-employee journey, increasing satisfaction and loyalty.

Performance Management Support

- Developed tools to evaluate recruiter performance, linking individual goals to broader TA objectives and providing clear metrics for improvement.
- Facilitated manager training to enhance feedback and coaching skills, driving recruiter growth and productivity.

International Recruitment Operations

- Led talent acquisition efforts across global markets, ensuring compliance with diverse regional laws and cultural nuances.
- Supported expatriate and relocation processes, ensuring seamless transitions for international hires.

Manager - Talent Success at Pesto Tech, Bangalore

October 2022 — January 2024

- Streamlined recruitment processes, closing positions swiftly and innovatively, boosting efficiency and effectiveness.
- Prioritized stakeholder management and candidate satisfaction, aligning recruitment with organizational objectives.
- Collaborated with leaders across functions, refining hiring practices through enhanced communication and advisement.
- Pioneered methods to tap into tech and product-first talent pools, recruiting top-tier candidates in tech, product, and design.
- Developed and refined a scalable talent acquisition strategy, emphasizing efficiency and a positive candidate experience.
- Achieved high-quality results under tight deadlines, managing multiple hiring projects effectively.
- Implemented recruitment metrics for continuous improvement in quality, efficiency, and cost-effectiveness.
- Led a team of 3 recruiters, driving partner hiring goals and boosting team productivity through strategic guidance.

Lead - Talent Acquisition & People Success at Avataar, Bangalore

August 2021 — September 2022

- Directed a 6-member team in the full recruitment cycle for tech roles, including sourcing (via job boards, social media, open source platforms), screening, hiring and onboarding.
- Collaboratively worked with the engineering team, efficiently building pipelines for various roles (SDE 1/2/3, Tech Lead, EM) across Frontend, Backend, and ML specializations.
- Single-handedly onboarded over 30 engineering professionals (frontend, backend, and ML engineers) PAN India, contributing to a 10-fold increase in headcount within a year.
- Effectively coordinated with key stakeholders such as the Head of Engineering and Head of Product.
- Consistently managed over 40 open tech positions monthly.
- Leveraged LinkedIn Recruiter, Naukri, and Employee Referrals for sourcing. Partnered with 3 vendors/agencies to maintain a solid pipeline for junior roles (SDE 1 & 2).
- Organized regular weekend hiring drives, averaging 20 candidates per event.
- Maintained a high offer-to-acceptance ratio of 90%, generating 5 offers weekly.
- Successfully closed an average of 4 positions monthly, with a 70% offer-to-joiner ratio.
- Initiated the “Buddy Program” and “Avataar Academy - Induction Program” for seamless integration of new hires.
- Enhanced Avataar’s presence on LinkedIn through strategic content posting, boosting talent attraction efforts.

Lead - Talent Success at Symphonize, Bangalore

March 2020 — August 2021

- Built a strong pipeline for 40+ positions, leveraging channels like LinkedIn, Workday, Naukri, Instahyre, Google X Ray, and Github.
- Screened 150+ profiles daily, ensuring a high-quality candidate pool.
- Conducted initial interviews for talent sourcing roles and advised hiring managers on talent availability and market trends.
- Partnered effectively with Hiring Managers, Technical Panels, and Leadership to align recruitment with organizational goals.
- Volunteered to mentor juniors in tech sourcing and screening, enhancing team capabilities.
- Actively contributed to gender diversity in leadership hiring.
- Conducted market analysis for niche skills and compensation standards, aligning recruitment strategies with market trends.

Associate - HR at Legato Health Technologies, Bangalore

April 2018 — April 2019

- Updated employees on Talent Management process changes and handled appraisal trainings.
- Managed HR compliance, ensuring adherence to legal requirements.
- Assisted in performance evaluations, succession planning, and employee data management.

- Improved recruitment efficiency, reducing time-to-fill from 100+ days to 40-45 days.
- Managed new hire orientations, onboarding, and employee grievance processes.
- Led Employee Referral program for 900+ employees, enhancing workflow efficiency.
- Established an Employee Benefits framework, improving e-Sat scores by 30%.

Research Specialist at Standard Chartered Bank, Bangalore

August 2017 — April 2018

- Led resume mining, market mapping, and research across all levels, including VP's and SVP's.
- Proactively recruited active and passive talent using strategic headhunting methods.
- Conducted candidate screening, name gathering, and team mapping through in-depth internet research, building a robust candidate pipeline.

Associate Consultant at CareerNet Technologies Pvt Ltd, Bangalore

January 2014 — August 2017

- Analyzed client's technical manpower needs.
- Sourced candidates from multiple channels.
- Reviewed resumes, conducted interviews, and evaluated skills.
- Briefed candidates on job profiles and formatted resumes.
- Screened and shortlisted candidates based on client requirements.
- Ensured follow-up and post-closure support.
