Projects

Title : Chocolates Sales Data Analytics Dashboard

Technology : Power BI, DAX, Power Query, Data Modeling

Description : Developed an interactive Chocolate Sales Analytics Dashboard using Power BI to track sales performance, analyze trends, and visualize key metrics. Utilized DAX for calculations, Power Query for data transformation, and created actionable insights for business decisions.

Title : Zomato Data Analysis using Python

Technology : Python, NumPy, Pandas, Matplotlib, Jupyter Notebook

Description : Conducted a comprehensive analysis of Zomato customers dataset to uncover insights related to customer preferences, pricing trends, and ratings. Utilized Python libraries such as Pandas, Matplotlib, and Seaborn for data cleaning, exploration, and visualization.

Title : Exciting Holidays

Technology : HTML, CSS, JS, PHP & MySQL

Description : This project is all about "Tourism Management System" where the project's goal is to provide a solution tool managing all records of tour bookings.

Training & Certifications

Successfully Completed 6 Hours E-Learning Course Of 7-Days Power BI Micro Course On September 2, 2024.

The graduate of the PCAP : Programming Essentials in Python course, provided by Cisco Networking Academy in collaboration with OpenEDG Python Institute (2023).

Completed Database Foundation from Oracle Academy (2022).
