Work Experience

HDLC Technologies

May 2023 – June 2023

Intern

Remote

- Developed a web application for user information management, enhancing data storage and retrieval processes.
- Implemented backend functionality using PHP, ensuring robust server-side logic and integration.
- Designed and managed a MySQL database to efficiently store and organize user data.
- Conducted testing and debugging to identify and resolve issues, improving overall application reliability.

Mainflow Services and Technologies

April 2024 – June 2024

Intern

Remote

- Developed dynamic web pages using React.js, HTML, CSS, and JavaScript to enhance user interface and experience.
- Ensured responsive design principles were applied, maintaining optimal functionality across various devices and screen sizes.
- Uploaded and managed code repositories on GitHub, facilitating version control and collaborative development.

Education

Jawaharlal Nehru Technological University, Kakinada

August 2021 - July 2025

B.Tech in Computer Science and Engineering

7.6/10 CGPA

Aditya Junior College, Kakinada

April 2019 - March 2021

Intermediate

8.7/10 CGPA

Dr. KKR's Gowtham School, Kakinada

April 2018 - March 2019

SSC

10/10 CGPA

Projects

Real-time Messaging Platform

- Designed and developed an end-to-end messaging platform to facilitate seamless communication.
- Sessions are retrieved from and stored on the database on user login and logout.
- Messages are received using sockets and displayed without the need for refresh.

Customer Management System

- Developed a web app for managing customer data with PHP backend and MySQL database.
- Created user-friendly forms for data entry and ensured secure, efficient data storage.
- Conducted testing to ensure application reliability and performance.

Zomato clone web application

- Developed a frontend replica of Zomato using React.js, HTML, CSS, and JavaScript.
- Implemented interactive features like buttons and checkboxes to enhance user experience.
- Applied responsive design principles to ensure functionality across various devices.
- Utilized Bootstrap for streamlined and consistent design elements.

Technical Skills

Programming Languages: C, C++, Java, Python

Web Development: HTML, CSS, JavaScript, React.js

Database Management Systems: MySQL, SQL

Concepts: Data Structures and Algorithms, Object-oriented design

Version Control: Git

Certifications

- Internship certificate from Mainstream Services and Technologies
- Internship certificate from HDLC Technologies.

Interests

- Reading books
- Singing
- Sketching
- Competitive Programming
