

SUMAIYA SABIR MOHAMED

☎ +919488032596 ✉ sumaiyasabirmohamed@gmail.com 📍 Yelahanka, Bengaluru

OBJECTIVE

Result-oriented engineering graduate with a strong foundation in Electronics and Communication Engineering, complemented by hands-on experience in Embedded Systems and proficiency in programming languages including C, Python, and C++. Eager to leverage technical skills and problem-solving abilities to contribute effectively in a dynamic role. Passionate about embracing new technologies and delivering innovative solutions that meet client needs in various industries.

EDUCATION

Bachelor of Engineering in Electronics and Communication Engineering <i>Annamalai University - Faculty of Engineering and Technology</i>	August 2018 – May 2022 CGPA: 9.65/10.0
HSC <i>Nirmala Matriculation Higher Secondary School</i>	June 2017 – May 2018 Percentage: 78.25
SSLC <i>Nirmala Matriculation Higher Secondary School</i>	June 2015 – May 2016 Percentage: 94.2

TRAININGS

Advanced Course in Embedded Systems <i>Vector India Pvt. Ltd., Chennai</i>	November 2023 – June 2024
• Relevant Coursework: C & Data Structures, C++, Linux Internals, TCP/IP, Socket Programming, ARM, 8051, Embedded C, and Rt Linux (RTOS).	

CERTIFICATIONS

- Python for Beginners - *Great Learning* [↗](#)
- Programming with Python - *Internshala* [↗](#)
- Basics of Python Programming - *SA Techno Solutions* [↗](#)
- Python Core - *Sololearn* [↗](#)
- Python Intermediate - *Sololearn* [↗](#)
- Python Data Structures - *Sololearn* [↗](#)
- Introduction to C - *Sololearn* [↗](#)
- C Intermediate - *Sololearn* [↗](#)

SKILLS

Programming Languages: C, Embedded C, Python, C++

Operating Systems: Linux, Windows

Technologies/Frameworks:

- Embedded Boards - *Arduino, Raspberry Pi, ARM7-based Micro-controller (LPC2129)*
- Bus Protocols - *CAN, I2C, UART, SPI*
- Networking - *TCP/IP, ZeroTier, Wireshark*
- Graphical User Interface - *QT (Python)*
- Others - *Visual Studio Code, Sublime Text, Notepad++, Microsoft Office Tools*

Languages:

- English - *Professional Working Proficiency*
- Tamil - *Native or Bilingual Proficiency*

PROJECTS

Academic Projects

- Controlling a Remotely Located Two Wheel Drive Unmanned Ground Vehicle Utilizing 4G/5G Cellular Network
- Multilevel Security Based Access Control System

Open Source Projects

- Simple Morse Code Generator using Python [🔗](#)
- Altitude Alert System using Raspberry Pi with LED Strip and Barometric Pressure Sensor [🔗](#)

PRESENTATIONS

- Automated Tracking of Moving Object using Unmanned Aerial Vehicle - Anna University, Villupuram

WORKSHOPS

- Android App Development - Anna University, Villupuram
- Machine learning - Anna University, Villupuram

INTERESTS

Area of Interest

- Embedded Systems
- Artificial Intelligence
- Automation

Hobbies

- Reading Books
