

SUNIL RAJKUMAR MAKHIJA

HUMAN RESOURCES

PROFILE INFO

Experienced Talent management resources aim to attract, recruit, and select top talent by implementing effective sourcing strategies, leveraging technology, and employing robust assessment methods. Additionally, with my 19+ years of experience, I develop talent management strategies to nurture and retain high-potential employees, increase retention and reduce attrition. As to accounts management and client engagement, my objective is to build strong, long-lasting relationships with clients based on trust, open communication, Stakeholder management, and mutual understanding. Worked across different domains such as Information technology, Computer applications, BFSI and Non- BFSI, Biopharm and life sciences, Hospital and medical industry, Retail and apparel industry, Shipping and logistics, Civil and real estate, Manufacturing, and mechanical. Open to looking for opportunities in human resources, recruitment, talent acquisition, compensation and benefit, training, and development.
