EXPERIENCE

Rubixe-AI | Karnataka, Bengaluru

Software Developer | 08/2023 - Present

- Designed and maintained high-performance, cross-platform mobile applications for Android and iOS using Flutter, enhancing app stability and user engagement across platforms.
- Engineered intuitive, user-centered interfaces using Flutter to optimize user experience, leading to a 15% increase in user engagement.
- Integrated RESTful APIs to support core application functionality, ensuring 99% uptime and enhancing data transfer efficiency by 20%.
- Coordinated with cross-functional teams to develop and deploy high-quality mobile products within Agile frameworks, improving time-to-market by 25%.

Merino Consulting Services | Delhi

Summer Intern | 07/2022 - 08/2022

- Enhanced web development skills through targeted training, gaining proficiency in front-end frameworks and responsive design techniques to improve UI/UX.
- Collaborated with development teams to clarify project requirements, ensuring timely and accurate completion of deliverables in alignment with project specifications.

The Sparks Foundation

Web Development & Designing Intern | 08/2021 - 09/2021

- Created and deployed two full-stack web applications -- a Banking System and a Payment Gateway—using HTML, CSS, JavaScript, and PHP, delivering robust, secure, and user-friendly solutions.
- Integrated RESTful APIs in collaboration with the back-end team, improving functionality and ensuring seamless data flow within applications.
- Gained hands-on experience with PHP, contributing to the back-end development and enhancing application robustness and performance.

SKILLS

- **Programming Languages:** Python, Java, Dart, Kotlin
- **Frameworks & Libraries :** Flutter, Bootstrap, ReactJS, BLoC, Provider
- **Backend & API Development :** MVC, MVVM, Restful APIs, JWT, AWS S3
- **Database :** SQL, MySQL, MongoDB, Firebase (Firestore, Real-time Database)
- **Developer Tools :** Git, Visual Studio Code, Android Studio, Pycharm, Postman
- **Concepts :** OOPs, DBMS, algorithms
- **Soft Skills :** Problem-Solving, Coordination, Collaboration, Communication, Management

EDUCATION

Hemvati Nandan Bahuguna Garhwal University, | Srinagar, Uttarakhand

B.Tech-Computer Science and Engineering | 08/2023

CGPA: 8.04/10.0

Sophia Public School, | Rajsamand, Rajasthan

Intermediate Education-Science & Maths | 04/2018

Grades: Class XII - 86.00%, Class X - 10 CGPA

PROJECTS

Datamites Application (08/2023 - Present)

Designed a mobile learning platform on Android and iOS with features like LMS integration, secure payment gateways, and offline course access. Led the development of referral tracking, QR-based attendance, and user-friendly enrollment modules, enhancing engagement by 20%.

Salesforce Application (08/2023 - Present)

Built a sales and ERP management system with features like call tracking, real-time analytics, Firebase messaging, and daily data syncing, streamlining operations for 200+ users.

Enterprise Resource Planning App (08/2023 - Present)

Developed an ERP app with secure JWT-based login, visitor tracking, and barcode-based asset management. Enhanced user-specific access controls and integrated APIs for seamless operations.

Generative AI Model for E-commerce (07/2024)

Implemented GANs for e-commerce image augmentation and a virtual try-on feature, boosting product engagement by 25%. Leveraged PyTorch and CUDA for scalable deployment.

Machine Learning Model for Vaccine Prediction (06/2024)

Built a predictive model using behavioral and demographic data, achieving high ROC AUC scores. Conducted EDA and preprocessed datasets to improve accuracy by 15%.

CERTIFICATES

- Certified in Python Essentials - **Cisco**
- Data Science Mastering Course Certified - **Scaler**
- Winter Consulting 2023 Program Certified - **IIT Guwahati**
- REST API - **HackerRank**
- SQL Certification - **HackerRank**

ACHIEVEMENTS

- **Top 10 Percentile Excellence Award - Summer Analytics'24**, Data Science Bootcamp by **IIT Guwahati**
- **All India Rank 102 in CodeKaze 23** organized by Coding Ninjas
- **All India Rank 74 in CIT** organised by Internship Studio
- TCS National Quailifer Test(**NQT**) Qualified - 2023
- **Finalists in Tally CodeBrewers 2022** | Commander of Full Stack -Top 12
