CAREER OBJECTIVE

Dedicated VLSI Engineer with 2 years of experience in STA, certified in Cloud/DevOps, seeking opportunities in cloud computing. Proficient in AWS and Azure platforms, Docker, DevOps tools, CI/CD pipelining, and infrastructure as code. Skilled in designing and implementing serverless architectures, CI/CD pipelines, and scalable cloud architectures. Strong communication, leadership, teamwork, and problem-solving abilities. Completed certifications in AWS Solution Architect Associate, AWS, DevOps, and Azure from Intellipaat.

KEYS KILLS

Cloud Platforms: Amazon Web Service - AWS | Azure | Docker - Virtualization | Migration | DevOps - Jenkins | Kubernetes | Terraform | Ansible | CI/CD Pipelining | GitHub | Linux | TCL Scripting

WORK EXPERIENCE/INTERNSHIP

Intellipaat

Feb '24-Present

Trainee Cloud/DevOps Engineer

Proficient in utilizing AWS services such as EC2, S3, VPC, RDS, CloudFormation, CloudWatch, SNS, and Lambda. Deployed and managed applications using EC2, S3, and RDS. Designed and built serverless architectures using Lambda, API Gateway, and SNS to send email alerts based on the requirements.

- Built and maintained CI/CD pipelines using Jenkins, Git, and Docker, reducing deployment time by 50%.
- Implemented infrastructure as code using Terraform and Ansible, improving scalability and reducing manual configuration by 80%. Designed and implemented a highly available and scalable architecture using Azure Virtual Machines, Azure Load Balancer, and Azure Application Gateway.

Adept Chip Services Pvt Ltd

Jul '22-Oct '22

STA Engineer

- Oversaw a project focused on managing the ECO stage by implementing PV caliber fixes, timing adjustments, and ECO resolutions.

Digicomm Semiconductor

Dec '21-Jul '22

Physical Design Engineer

- Proficient in DCD concepts, STA basics, and Physical design flow principles.

PROJECTS

Deploying a Multi-Tier Website using AWS EC2

- Launched 2 EC2 instances by enabling the ASG for both and created an RDS instance by creating a database and table name.
- Oversaw the maintenance of website infrastructure to ensure optimal performance and smooth operation.
- Configured EC2 to enable all inbound and outbound traffic to RDS instance.

Implementing the DevOps lifecycle in a company

- Managed software installations on machines utilizing a configuration management tool and Git workflow. Implemented automated triggering of Code Build process upon commits to the master branch.
- Implemented automated triggering of Code Build process upon commits to the develop branch. Utilized Dockerfile to containerize the code for efficient deployment.

Azure administrator capstone project AZ-104

- Developed and deployed 3 webpages-Homepage,Uploadpage,and Errorpage-as a static website in Azure containers.
- Enhanced network traffic and system reliability by implementing Azure containers traffic manager in 2 regions.
- Improved traffic flow efficiency by implementing a storage account alongside an application gateway Ensure deployment of virtual machines (VMs) in both regions within the Virtual Network (VNet).Utilized GitHub repositories to efficiently execute scripts. Enabled seamless network connectivity across regions by optimizing VNet-VNet peering.

CERTIFICATIONS

1. Completed the AWS Solution Architect Associate certification from Intellipaat, demonstrating proficiency in designing scalable and cost-effective solutions on the AWS platform.
2. Completed the Amazon Web Services(AWS) training program from Intellipaat.
3. Completed the DevOps course from Intellipaat and obtained certification.
4. Completed the Azure certification course from Intellipaat,enhancing skills and knowledge in cloud computing technologies.

EDUCATION

- B.E(Electronics and Communication Engineering) from VTU Belagavi. (2019 - 67%)
- Pre University (PCMB) from Gudleppa Hallikeri College Haveri, Karnataka. (2015 - 65%)
- SSLC from Hukkerimath Shivabasaveshwar High School Haveri, Karnataka. (2013 - 83.36%)

PERSONAL DETAILS

Name : Viresh Hanchinal
Gender : Male
Languages Known : English, Kannada, Hindi
Current Address : Viresh Hanchinal
Basaveshwar Nagar C Block Haveri-581110
