Summary

IT professional with nearly 3 years of experience in SAP Data Migration (BODS ETL), RPA (UiPath), Python, and SQL. Skilled in exploring data patterns, deriving insights, and building data products. Proven ability to work independently and collaboratively to deliver solutions and communicate value.

Tech Stack

Technology: SAP, RPA

Languages: Python (Proficient), SQL (Familiar)

Libraries: Pandas, NumPy, Scikit-learn, Tkinter, BeautifulSoup, Matplotlib

Database: MySQL, MS SQL Server

Tools: BODS, UiPath, IDLE, Microsoft Excel, PowerPoint, Outlook

Projects

Data Migration Project on SAP

SAP S/4 HANA Data Migration

Executed the migration of essential business data from legacy systems to SAP S/4HANA using BODS. Focused on optimizing data quality through cleansing, transformation, and validation to ensure seamless integration with the new platform.

Python Projects

Data Analysis on CO2 Emissions

Developed Python application to analyze and visualize global CO2 emissions. Used Matplotlib for visualizations and implemented data export based on user inputs.

Data Analysis on Mobile Prices and Ratings

Created an application to analyze mobile prices and ratings using Python. Calculated price mode, sorted data, and visualized trends using Pandas and Matplotlib.

Note Saver GUI Application

Developed a note-taking GUI desktop app using Tkinter with a 'Convert to PDF' feature which saves the application to PDF using FPDF.

Student Application Form

Built a student application form using Tkinter, implementing validation with Regular Expressions.

PDF Converter

Developed a GUI for converting text files and Word documents to PDF using Tkinter and FPDF.

RPA UiPath Projects**Taxonomy Details Automation**

Automated Excel data extraction and web entry using UiPath. Processed customer identification details and handled duplicate entries, storing results in Excel and sending via email.

Education

Master of Computer Applications, JNTU Anantapur (2016-2021)

Bachelor of Science (Computer Science), Sri Krishnadevaraya University (2013-2016)

Work Experience

SAP Consultant, Yash Technologies Pvt Ltd (Jan 2022 - Jun 2022)

- Worked on SAP Data Migration using BODS

Free Lance consultant for Python (Jun 2022 – Jan 2024)

- Developed Python and SQL-based data analysis and GUI projects.

RPA Developer, Qubicgen Software Solutions (Jan 2024 – Sep 2024)

- Used different automations for automating the web applications and also SAP applications using UiPath.
