KEY ACHIEVEMENTS

- Exceptional Growth and Global Expansion Leader.** Since the inception of an international fast fashion brand, overseeing entire operations, I successfully expanded the brand's presence across all continents, ensuring its global reach and market penetration.
- Strategic Data-Driven Success.** Strategically analyzed past sales data and market trends to optimize product assortment, pricing, and promotions, resulting in increased customer satisfaction and a significant boost in profitability through well-targeted offerings and competitive pricing strategies.

PROFESSIONAL EXPERIENCE

Regional Head- Asia- Ergode IT services Ltd., Mumbai, India

Apr 2023 - Jun 2024

- Amazon USA & International Management:** Directed and optimized operations for Amazon USA and international markets.
- Home & Living Brand Development:** Spearheaded the creation and growth of a home and living brand on Amazon and in the D2C space. Managed a 3-month timeline to launch the brand successfully and drive sales.
- Global Sourcing:** Managed procurement processes from China and India, ensuring high-quality and cost-effective sourcing.
- Vendor Collaboration:** Coordinated and collaborated with vendors in product launches and collections, doubling their revenue YoY.
- Project Management:** Orchestrated cross-functional teams and resources to streamline operations, achieving milestones such as launching new product lines and expanding market presence.
- Revenue Growth & P/L Management:** Held P&L responsibility, overseeing annual budgets exceeding \$2 million/ Vendor and implementing cost-effective strategies to optimize profitability and revenue growth.
- Performance Marketing:** Collaborated with marketing team to increase ROAS and keep TACOS under Control.

Global E-commerce Head / Category Manager - Rag United Works (London Rag) China | India Jun 2016- Apr 2023

- Category Management (Footwear & Bags):** Led category planning and product lifecycle management, including seasonal assortment building and range selection. Developed and executed OTB plans, driving year-over-year growth by analyzing market trends and sourcing trendy products. Managed inventory to ensure timely replenishment of bestsellers, implemented strategic pricing to maximize full-price sell-through, and oversaw category P&L, collaborating with cross-functional teams to drive overall business growth.
- Strategic Decision Making:** Utilized in-depth data analysis, including past sales figures and market trends, to make informed decisions on product assortment, pricing, and promotions. Focused on enhancing customer satisfaction while optimizing profitability through strategic product offerings and competitive pricing.
- Project Management:** Directed product development initiatives and seasonal launches, coordinating with local factories, marketing, and visual merchandising teams to ensure seamless execution. Prioritized tasks, mitigated risks, and ensured that products were launched on time and aligned with business and channel requirements.
- Revenue Growth & P&L Management:** Monitored and managed P&L performance by analyzing product sell-through, margins, and stock levels. Implemented cost-effective measures and markdown strategies to achieve budgeted margins and optimize profitability. Supported sales channels in achieving targets by strategically planning discounts, promotions, and EOSS activities for effective inventory liquidation and maximizing average bill value and basket size.
