Experience

Java Developer Intern | Genxcellence Softwares Pvt. Ltd *

Sept 2024 – Present

- Developed and implemented RESTful APIs using Spring Boot, enhancing the backend capabilities of a live eduTech project .
- Conducted API testing with Postman and SwaggerUI, ensuring reliable endpoints and streamlined client-server communication.
- Analyzed and optimized stored procedures (SPs) for efficient data retrieval and manipulation, boosting application performance.

Education

Master of Computer Application*: CGPA – 8.00

2024

Parul University– vadodara, Gujarat

Bachelor of Computer Application: Percentage – 72.28%

2022

Sanskar College of Prof Studies - Indore, Madhya Pradesh

Skills

Languages: C, Python, Java, SQL

Working Tech: Spring Boot, JPA, Hibernate, Mysql, RESTful APIs

Core Subjects: Data Structures and Algorithms, DBMS

WEB DEV: Html5 CSS, JavaScript, Bootstrap, Node.js/Express.js

Tools: MySQL Workbench, IntelliJ, Git/GitHub, DBeaver

Soft Skills: Problem solving, Analytical thinking, Teamwork, Good communication

Projects

Business Management System(SpringBoot/Mysql)

- Built a full-stack business management application with **Spring Boot** for backend logic and **RESTful APIs**.
- Designed and maintained MySQL database, optimized for quick data retrieval and secure transactions.
- Developed a responsive, user-friendly interface using HTML, CSS, JavaScript, and Bootstrap for smooth navigation.

Wonder Lust (MongoDB, Express.js, Node.js/Express.js)

- Developed a full-stack web application that replicates the core features of Airbnb
- User Authentication: Implemented secure user registration and login using JWT.
- RESTful APIs: Created robust APIs for managing properties, bookings, and user profile
- Reviews and Ratings: Allowed users to leave reviews and ratings for properties.

Certificate

1. PHP and MYSQL

I have successfully completed PHP and Mysql Training from Spoken tutorial opportunity given by IIT Bombay.

2. Introduction TO Cloud

I have also completed successfully Introduction TO Cloud Computing by Simply Learn.
