PROJECTS

1)Voice Chat- Bringing Chats to life using Deep Learning (09/2023 - 04/2024)

- Developed a chatting application that could convert text into speech using Deep Learning.

2) Quantification RBCs and WBCs using Image processing Technique (08/2022 - 12/2022)

- Developed a machine learning model that could detect the blood cells in a microscopic image of blood and return their count.

3)E-Notebook Mobile Application (04/2022 - 02/2022)

- Developed a modern library application for students, using an open-source platform (Kodular).

WORK EXPERIENCE

AI/ML Intern Zion Cloud Solutions

08/2024 - 12/2024

Achievements/Tasks

- Developed and deployed machine learning models using Azure Cognitive services for sentiment analysis and Langchain for AI-powered chatbots, resulting in a scalable solution for customer feedback analysis.
- Collaborated with cross-functional teams to develop and optimize algorithms, enhancing the performance and efficiency of AI applications.
- Deployed AI solutions using Docker and Streamlit, enhancing application scalability and ensuring smooth data integration (CSV, Excel, YouTube comments).
- Developed Interactive Dashboards using streamlit, allowing non-technical stakeholders to easily interpret data through visualizations such as bar graphs and pie charts.

CERTIFICATES

Microsoft Certified Azure AI Engineer Associate (AI-102) (11/2024 - 11/2025)

Achieved certification demonstrating proficiency in designing, building, and deploying AI solutions using Azure AI services.

Microsoft Certified Azure AI Fundamentals Certificate (AI-900) (09/2024)

Achieved a digital credential from Microsoft for proficiency in Azure AI concepts and services.

IBM Internship Program Certification
(06/2023 - 07/2023)

Earned a digital credential issued by IBMSkillsBuild for successfully completing web development course.

NPTEL Online Certification (01/2023 - 03/2023)

Certified for course completion in Data Science for Engineers by NPTEL

SAE India Completion Certificate (12/2021 - 02/2022)

Certified for completion of online training program on Artificial Intelligence & Machine Learning.
