PROFILE SUMMARY

Ambitious engineer looking to join the workforce to gain real-world experience. Ability to complete tasks on time in both individual and team settings. Dependable and reliable, ready to learn and grow with your company. Proven ability to lead teams, develop innovative solutions, and manage projects from concept to completion.

PROFESSIONAL EXPERIENCE

INTERN

July 2023 – Aug 2023

Kerala Automobiles Limited | Trivandrum, India

Acquired experience in applying technical skills in the complete manufacturing of E-Pickup and E-Rickshaw.

INTERN

Sep 2022 – Oct 2022

Techmaghi | Kochi, India

Gained hands-on experience with industry-relevant software (R, C, Excel), applying theoretical knowledge to real world projects.

PROJECTS

• **Automated solar panel cleaning robot**

Engineered an automated solar panel cleaning robot with XY plotter and image sensing for efficient cleaning and energy optimization.

• **Data acquisition of real-time CAN Bus data from cars**

Designed and implemented a real-time CANBus data acquisition system for vehicle ECUs, with a software interface for live data visualization and performance analysis.
