Class 10th ; Percentage: 86/100

Nowshera, J&K, India

2017

Projects

Sales Insights | Brick and Motor business [Power BI, SQL]

- Designed a Power BI dashboard to understand AtliQ hardware goods sales trend.
- The final dashboard was effective at displaying the sales trend of AtliQ hardware, allowing users to understand the data and make informed decisions.
- This dashboard could help in increasing the revenue by 7 percent in next year.

Book IT

- Technologies: Javascript, React, HTML, CSS, BOOTSTRAP, MongoDB, Node.js
- Description: Created a Booking App for users to book hotels or enlist hotels as owner.

Revenue insights in hospitality domain | Cricket Analysis [Power BI, Excel]

- Atliq Grands noticed a loss in their market share and revenue over a few months, To understand the cause of this loss, they needed a way to analyze this. I created a dashboard in Power BI using three months of data.
- With the created dashboard, Revenue team of Atliq Grands were able to gain insights about their revenue trend. This could help in regaining their revenue and market share by 20 percent in the next month.

Languages

- English, Hindi, Punjabi
