

Laxmi B Mannikeri

Gokak, Belagavi
Karnataka-591307

E-mail : laxmiec2019@gmail.com

Contact No : 8123580052

Objectives:

I aim to use my technical skills to innovate and make meaningful contributions within a team. Committed to continuous learning, thriving, and contributing to the success of the company in a dynamic work environment.

Education :

Course	College Name	Year of Passing	Result
Bachelor of Engineering (ECE)	Government Engineering College Haveri	2024	60%
PUC (Science)	JSS PUC College Gokak	2019	62%
10th (SSLC)	GES High School Gokak	2017	92%

Internship:

I had done one month internship on “IOT” at “GTTC”, Belagavi. I learnt IoT architecture, embedded hardware, applications of the IoT and worked with different sensors using microcontroller ESP32.

Certified Course:

I completed hands-on technical training program on Emertxe Certified Embedded Professional (ECEP) at EMERTXE, Bengaluru.

Projects:

1. Iot Based Real Time Wireless Notice Board

Project Brief: It is used to develop a multitype notice display system which uses images and video type notice as well as text notices on the single notice board and used to develop a CRUD system for updating the notice to be put up on notice board and to implement the feature of notice e-thrashing.

2. LSB Image Steganography

Project Brief: Developed a robust steganography system leveraging File I/O operations and Bitwise operations to securely conceal files, messages, images or videos within other files or media. Implemented the Least Significant Bit (LSB) mechanism to seamlessly embed valuable information into unused data bits ensuring confidentiality and integrity during transmission.

3. Address Book

Project Brief: Developed a console based application in C language. It keeps track of names and telephone/mobile numbers and e-mail addresses. It uses standard I/O for adding and deleting contact names, phone numbers and e-mail addresses, searching names and associated numbers and email addresses, updating numbers and email addresses, and deleting contact.

Technical Skills:

1. Embedded C
2. Microcontroller
3. Linux Internals
4. C++
