## SUMMARY

Highly-motivated employee with 1+ year of experience, desire to take on new challenges. Strong worth ethic, adaptability and exceptional interpersonal skills. Adept at working effectively unsupervised and quickly mastering new skills.

---

## SKILLS

- Azure DevOps
  - CI/CD pipelines
  - Administrative tool : Powershell Development
  - Infrastructure as code
  - Deployment automation
  - Azure ADF service
  - Azure Cloud Infrastructure
  - Azure functions
  - Power Automate
  - HTML/CSS
  - Language : C# (Basic ) /Python
  - YML/JSON
- 

## EXPERIENCE

### Senior Software Engineer, Capgemini , Bangalore

09/2022 - Present

- Developed and implemented cloud-based solutions for clients using Azure Cloud Services.
- Configured, monitored, and maintained cloud infrastructure such as azure functions, networks, and storage.
- Created automated scripts to deploy applications in the cloud environment.
- Analyzed existing architectures and developed strategies for migrating workloads from on- premises systems to the cloud.
- Researched new technologies related to the development of distributed applications on the Cloud platform.
- Managed access control policies for users accessing data stored on the Cloud platform.
- Implemented Infrastructure as Code (IaC) tools such as Terraform tp automate cloud-based deployments, reducing deployment time by 50% and minimizing human error.
- Designed and implemented Azure DevOps security policies, resulting in a 50% reduction in security incidents and a 30% increase in compliance with industry standards.
- Developed and maintained Azure DevOps automation scripts, reducing manual effort by 40% and improving pipeline reliability by 25%.
- Collaborated with cross-functional teams to design and implement Azure DevOps CI/CD processes, resulting in a 60% reduction in deployment time and a 50% increase in successful deployments.
- Created Power automate flows as a developer in a project.

### Intern. Capgemini , Remote

05/2022 - 08/2022

- Developed .NET full stack applications using C#, .NET Core, Entity Framework, HTML, and Angular.
- Worked with front-end developers to create a cohesive user experience.
- Implemented security measures such as authentication, authorization and encryption protocols for data protection.
- Provided technical support to other developers on the team during the development process.
- Deployed web applications to Azure Web Services.

### Intern. Sofitgrow Solutions, Remote

03/2022 - 05/2022

- Created custom responsive designs that optimized the website layout for various devices.
  - Designed and implemented interactive user interfaces for websites and applications.
  - Ensured clean, valid HTML and CSS markup conforming to industry standards.
  - Participated in design reviews ensuring consistency between design intent and implementation.
- 

## EDUCATION

**Bachelor Of Technology**, Computer Science (05/2018 - 05/22)  
**JECRC University**, Jaipur, India

GPA: 9.5

---

## CERTIFICATION

- Microsoft AZ-900(Azure Fundamentals) (03/2023)
- Microsoft AZ-204 (Developer Associate) (07/2023)
